## U. N. Awaiting U. S. Attitude On Palestine

### American Policy On Armed Force For Palestine Big Question In U. N.

#### ISSUE TO COME UP NEXT WEEK

By JAMES L. KILGALLAN  
(U. N. Staff Correspondent)

LAKE SUCCESS, N. Y., Feb. 19.—The No. 1 topic in United Nations circles today revolved around the question: "What will be the American policy regarding the proposal to create an armed force to carry out the partitioning of Palestine?"

The U. N.'s "little assembly" was scheduled to convene today at Lake Success for the first time in weeks but it will discuss Korea—not the touchy Palestine problem.

Atmosphere Tense

The Palestine issue is in abeyance until next week when the 11-nations security council tackles it amid an atmosphere of high tension.

The U. N.'s five-man Palestine commission has notified the council that if it is to carry out its mission to implement the Holy Land partitioning it must receive "military forces of adequate strength."

The U. S. delegation has maintained silence regarding the American position on the armed force issue. Since the commission's report was issued last Monday night the various governments have been formulating policy on the question.

Well-informed sources expressed the private opinion that Washington may avoid trying to lead on the provision of a Palestine force, but that it would also avoid opposing such a force.

May Seek Alternative

In such an event the consensus at Lake Success seemed to be that the security council would strive to find an alternative solution.

## Five Planes Burn At Airport Fire In Erie District

ERIE, Pa., Feb. 19.—Damage was estimated Wednesday at \$35,000 from a blaze which swept Fairview airport, 10 miles west of Erie. One hangar and seven planes were destroyed.

Firemen from five volunteer hose companies battled the flames for two hours, saving adjacent hangars.

James Ferguson, chief of the Fairview fire department, said the blaze was believed to have started in the center of the hangar, possibly as the result of a gasoline tank explosion in one of the planes destroyed.

Four of the burned planes were privately owned and three were Aerona trainers owned by Joseph, Michael and Andrew Kudlak, three brothers, who operate the airport and flying school.

## Pa News Observes

Names of persons who will have the unique experience of celebrating their birthday on February 29, this year, the first time the date has come around in four years, are reaching Pa News. There are many more that will arrive later. Request is made that persons in this area who are included in the Leap Year birthday celebrators on February 29 send their name and address to Pa News to be included in the presentation of this list in The News February 28. Please mail or bring names to The News. Do not telephone.

## Congressman Assails Democratic Reception

WASHINGTON, Feb. 19.—(INS)—Mrs. Harry S. Truman to the dismay and anger of at least one GOP member of congress will play host today to Democratic women who will attend tonight's \$100-a-plate Jefferson-Jackson day dinner.

The First Lady will receive more than 500 Democratic women at an afternoon reception which touched off a heated exchange of words between the White House and Rep. Scott (R) Pa.

"Commercialize White House" Scott took the house floor and called the tea an attempt to "commercialize the people's White House."

The congressman exclaimed: "Shades of Jefferson and Jackson! What sins have been committed in your name by the radical New Deal Democrats."

A quick retort came from Mrs. Truman's special secretary who said that "it's nothing but an informal reception for some deserving women." She called the congressman's speech "bosh."

Scott said invitations to the tea went only to women who put out (Continued on Page Two)

## First Corner Traffic Lights Installed Here

First installation of corner traffic lights occurred Wednesday and they will be placed in operation either today or tomorrow, according to City Electrician Rex Hughes.

The corner lights, three of them, have been installed at Mahoning avenue viaduct and Moravia street. Overhead traffic lights are prohibited by the state, hence the installation of the corner lights.

## Costello Takes Over Former De Valera Post

DUBLIN, Feb. 19.—(INS)—Prime Minister John A. Costello, new government leader of Eire, took over the former office of ousted Premier Eamon De Valera in the government building today as Costello's coalition cabinet began work on a series of reforms.

Costello made an immediate tour of various government departments preparatory to holding a round of conferences with his ministers. The talks with cabinet members are being held in preparation for an announcement of government policy when the Dail (parliament) reconvenes next Wednesday.

As the 57-year-old Dublin attorney took over the government reins which had been held by De Valera for 16 years he declared that there will be no change in the foreign policy of the Irish Free State.

## House Committee Approves Measure On Rent Control

WASHINGTON, Feb. 19.—(INS)—The House rules committee today approved a measure extending rent controls 31 days beyond March 31, Feb. 29 expiration date.

The committee cleared the way for house passage next Tuesday of the rent bill and a similar resolution continuing through March 31 the administration's export-import controls over tin, antimony, fats and oils and a few other commodities.

Rep. Wolcott (R) Mich., chairman of the house banking and currency committee, told newsmen that he anticipated the senate would go along with the 31-day extension.

## Committee Favors Measure To Limit Grain For Liquor

WASHINGTON, Feb. 19.—(INS)—A Senate Banking subcommittee approved unanimously today a bill to limit the liquor industry to "not less than 2.5 million bushels of grain a month."

The bill includes a retroactive factor which would penalize distillers who violated grain quotas since October 28, 1947.

Approval of the measure was announced by Sen. Flanders (R) Vt., chairman of the subcommittee.

## British Soldier Killed; Two Hurt In Jerusalem

JERUSALEM, Feb. 19.—(INS)—One British soldier was killed and two wounded when Jewish extremists opened fire with stolen Sten guns today on the Cafe Vienna in Jerusalem.

In another section of the turbulent Holy Land capital nine occupants of a Jewish bus were injured in a mine explosion, and in quick reprisal action, Jews opened fire on an Arab bus wounding four persons, one seriously.

## County Dog Agent At Ellport Today

Howard McLure, dog enforcement officer for Lawrence and Beaver counties is in the Ellport section of the county today seeking dogs running at large which are menacing life and property.

Mr. McLure took the owners of seven unleashed dogs to Squire J. B. Young, Ellport, and a fine and costs were imposed upon the owners for disobeying the law.

## Von List Guilty Of War Crimes

Field Marshal Is Found Guilty After Trial By American Tribunal

MUENSTER, Feb. 19.—(INS)—Field Marshal Wilhelm von List, the man who once commanded Adolf Hitler when the latter was a German army corporal, was found guilty today of war crimes by an American tribunal.

The tribunal sitting in the Muenster palace of justice tried several generals who served under the Nazi regime of Hitler.

Von List was tried in what is known as the "generals' case" on charges of responsibility for the murder and torture of innocent civilians.

Seized As Hostages

The victims were seized as hostages in Greece, Yugoslavia and other countries of southeastern Europe.

Verdicts in the cases of nine other generals are due to be handed down some time during the day.

Von List was commander of the southern German army in the Polish campaign. He led his troops across Poland at such speed that he surprised Hitler himself.

Later he did the groundwork for the subsequent campaigns in Yugoslavia and Greece.

During four years of the first world war the field marshal was at the front as a commander of a German infantry regiment. At that time the late Nazi Reichsfuehrer served under List as a corporal.

## Large Crowd Shares Dollar Day Bargains

Even the weather man joined in Dollar Day activities today. Early this morning he put out his dollar day weather with instructions to leave it out all day and at noon the temperature was chasing 68.

From nine o'clock this morning the crowds of shoppers kept increasing in the downtown stores and at noon the first Dollar Day since 1942 was a success.

Shoppers found the idea had not been oversold. Prices in all lines of merchandise had been slashed and the loaded arms of shoppers leaving stores was evidence of having taken advantage of the thrift opportunity.

Sold Out Early

One merchant put on 125 bedspreads as a "leader." The price was cut back to where it was looked up at cost. The merchant thought the bedspreads would last until noon anyway. At 9:20 the bedspreads were "sold," the entire 125 having been sold. Well not quite.

## C.I.O. Presses For Steel Pay Raise

PITTSBURGH, Feb. 19.—(INS)—The United Steelworkers of America today pressed for a pay raise on the basis of "the real and economic need of its members and their dependents."

The announcement was made yesterday following a meeting of more than 200 representatives of union locals.

The committee would not reveal how much of a wage increase would be asked, but unofficial sources insist, however, that it would be at least 25 cents, perhaps 30 cents.

## Jackson Day Dinner For Democrats Tonight Faces Some Problems

By WILLIAM THEIS  
(U. S. Staff Correspondent)

WASHINGTON, Feb. 19.—Democratic leaders, beset by a southern revolt and a northern defeat, rallied today for their annual \$100-a-plate dinner and a caustic speech by President Truman.

It looked in advance like the biggest and coolest Jackson-Jefferson day dinner in recent history.

Administration sources said that Mr. Truman would carefully avoid reference to the civil rights issue which touched off Democratic tempers in the south.

Some To Skip Dinner

Nevertheless, at least half the southern Democrats in the senate planned to skip the Washington dinner from which the president will broadcast to dining Democrats throughout the nation. Some said it was "too expensive," others they had other plans.

Few Democrats expected Mr. Truman to emulate Democratic National Chairman McGrath, who last night issued what some quarters saw as an implied invitation to Henry A. Wallace to return to the fold.

McGrath, in a CBS broadcast, urged Wallace to "repudiate supporters of his cause whose only

## Man Shoots Wife And Her Suitor

CHICAGO, Feb. 19.—(INS)—A 33-year-old father pleaded for hours with his wife and her married suitor to give up their affair, then lost his temper, whipped out a pistol and shot both of them early today as the three sat in a parked car.

The two victims of the shooting were in a serious condition at Garfield Park hospital. They are Mrs. Millie Alamo, 30, who was shot in the chest, and her admirer, Henry Pagliaro, 45, who was shot in the neck and collar bone.

Surrenders To Police Later

After the shooting, her husband, Anthony Alamo, 33, surrendered to police and shot his story.

Alamo told police he and his wife frequently played poker with Pagliaro and his wife, Marie, and that at these parties he had warned Pagliaro to "leave Millie alone."

After he returned home from any service in the Pacific, Alamo said his wife began to demand a night or two a week out "with the girls" and he became suspicious.

Last night he followed her by street car and automobile and saw her run up to a waiting car where he found Pagliaro.

Pleds In Vain

Alamo said that on the way to his home at suburban Lyons he pleaded with them to give up their affair but they refused. The argument continued during dinner and through the night until they reached the Alamo home.

During the argument Mrs. Alamo asked him to give her a divorce but he said the only condition under which he would grant the request was for him to get custody of a daughter, Francine, 9.

Then, he told police he lost his temper and shot the two.

## U.S. May Take Further Steps To Help Greece

By JOHN A. REICHMANN  
(U. S. Staff Correspondent)

WASHINGTON, Feb. 19.—An administration request for 300 million dollars additional Greece-Turkish aid reportedly reached congressional offices today as a state department official warned Russia that more stringent steps may be taken to help Greece fight communist guerrillas.

Legislation calling for the additional funds for Greece and Turkey was said to be in the last stages before being presented to congress.

President Truman, who has the last word on the project, is expected to transmit it to Capitol Hill prior to departing for an extended Caribbean sea-air cruise.

An urgent note to the administration's aid plans was sounded by Loy W. Henderson, director of the state department's near eastern and African affairs division who bluntly declared that the United States "will not stand idly by while foreign aggressors deprive Greece of its territorial integrity and political independence."

Henderson did not say whether the United States would send foreign troops to aid the Greek army but he came closer to admitting that this country might consider such a step if necessary than any higher official to date.

## Plaski Home Is Damaged By Fire

New Wilmington Firemen Check Blaze In Gallagher Home Wednesday Night

Quick work of the New Wilmington fire department saved the home of David E. Gallagher, North street, Plaski from destruction at 8 o'clock on Wednesday evening.

Fire which it is believed originated from defective wiring on the outside of the home damaged the outside of the house and inner walls to the extent of \$200 and damaged contents to the amount of \$100. Mr. Gallagher attributed the fire to a faulty extension cord which had been fastened to the side of the home.

The firemen worked for about an hour before the blaze was brought under control. The fire was kept in the region of an upstairs bedroom and the attic and did not spread to other sections of the home.

The damage is covered by insurance.

## Blast Occurs At Oil Plant

(BULLETIN)

BAYONNE, N. J., Feb. 19.—(INS)—An explosion heard for many miles rocked the compound building of the Tidewater Associated Oil Co. at Bayonne today and was followed by a fire which raged uncontrolled for more than an hour.

First reports did not indicate whether there were any casualties.

The three-story building is used for mixing greases at the big plant.

Company firemen called for help from the Bayonne fire department which reported later the blaze was under control.

## St. Louis Records Strong Earthquake

ST. LOUIS, Feb. 19.—(INS)—The geophysics department of St. Louis University today reported that its seismograph had registered a strong earthquake.

The earthquake was recorded at 2:39 p. m. (CST) yesterday and indications were that the first occurred about 3,900 miles from St. Louis, probably south, the geophysics department said.

Dr. Ross R. Henrich, associate professor of geophysics, said the tremor may have occurred in the vicinity of Peru and was strong enough to cause extensive damage.

## Would Include Military Aid In China Program

### Demands Develop In Congress That U. S. Assistance Be Broadened

#### TRUMAN PROGRAM NEEDS EXTENSION

(BULLETIN)

WASHINGTON, Feb. 19.—(INS)—The House Foreign Affairs Committee today summoned Secretary of State Marshall to testify tomorrow on President Truman's request for \$70 million dollars in aid for China.

Marshall will testify at a public hearing and also in a closed door session of the committee.

By FRANK B. ALLEN  
(U. S. Staff Correspondent)

WASHINGTON, Feb. 19.—Demands developed in Congress today that American assistance to China be broadened to provide military aid for her battle against the Communists.

Sen. Bridges (R) N. H. chairman of the Senate Appropriations Committee, called for inclusion of military aid in President Truman's proposal for a \$570,000,000 assistance program for China.

Bridges was joined by Sen. Brewster (R) Maine, who declared that any program without military support "would be futile."

The two senators called for a strong hand against Chinese Communists as the House Foreign Affairs Committee moved swiftly to order hearings tomorrow on the China program and to announce that it plans to consider the measure with the Marshall plan for Europe.

Ask Other Plans

The House Committee also called on the administration to disclose at once any other foreign relief plan it is contemplating. These, too, would be woven into the Marshall plan bill.

Rep. Eason (R) N. J., foreign affairs chairman, announced that the committee will go into closed-door meetings March 2 to write a bill after closing open hearings in which third-party presidential candidate Henry Wallace will testify on Feb. 24.

Calling for military aid to end China's long internal struggle with the Communists, Bridges said: "The expenditure of billions of dollars to halt the spread of Communism in Europe makes little sense if, at the same time, this government allows China to go to the Communists by default."

Need Military Supplies

Bridges endorsed President Truman's proposal as far as meeting economic ills of China is concerned. But the senator said: "There are two requirements that must be met in China. We should furnish military supplies to enable the Nationalist government to use the equipment we already have given them."

"And we should send to the Nationalist government a strong and forthright representative of our government."

## Dimitrov Says U.S. Number One Target Of Reds

(BULLETIN)

WASHINGTON, Feb. 19.—(INS)—Georgi Dimitrov, former Bulgarian peasant party leader, said today that the United States is the "number one" target of Russian Communism.

Dimitrov, who took refuge in the United States when the Communists in his native land, made this assertion at a hearing of a house un-American activities subcommittee to study legislation to outlaw the Communist party.

Dimitrov told the group that he was informed by a Soviet representative when the Allies began to win the war against Germany that "the end of the conflict with Germany means the beginning of another with the western proletariats." According to Dimitrov, his informant said:

"No story will have been won by us until the heads of the British and American imperialism have been smashed. Therefore, America is Communist target number one."

## Flaming Meteor Seen At Denver

DENVER, Feb. 19.—(INS)—Many Denver residents reported seeing what apparently was a flaming meteor speeding eastward over Denver a few minutes before 4 p. m. yesterday.

The state highway patrol office in Denver received several calls that a fiery object was sighted flying at various points over eastern Colorado headed toward northwestern Kansas.

Tracy Kennell, a Denver drug-store clerk, said the blazing object made a hissing sound, and declared he felt an explosion a few seconds after it was overhead.

To Sgt. Allan Smith, Lowry field tower operator, the smoke-trailing fireball appeared at first to be an airplane emergency flare.

## Duntile Company Given Contract

HARRISBURG, Feb. 19.—(INS)—The State Highways Department today announced the award of a \$320,152 contract to the New Castle Duntile Co., New Castle, to widen and resurface 8.06 miles of U. S. Route 62 in Hickory, Jefferson and Lackawanna townships, Mercer county.

## Consistory Party At Sharon Attended By Record Audience

Members of the Consistory Choir, accompanied by the officers of the consistory, and a group of members, were in Sharon last evening, where a fine program of entertainment was presented in the Sharon Junior High School.

Introductory remarks were made by Commander in Chief, J. W. Weitz O. Hugh, 23, who presented Sam Lewis, director of the choir, Dave Rees, associate director, who led in group singing, and Ernie E. Branstetter, accompanist.

Mr. and Mrs. A. M. Almstead, of Buffalo, N. Y., were the guest artists. Mrs. Almstead will be remembered as Miss Dorothy Buck, who has been heard here in vocal numbers.

In addition to their solo numbers, and the numbers by the choir, there was some splendid vaudeville. Lou Pearsall served as master of ceremonies, and the choir numbers were introduced by C. W. Herman Hess.

## Arthur Mometer

A dollar bill has been somewhat at least for some people of means. It bought less bread and it bought less meat and pickles and doughnuts and beer. But the dollar today is a cocky bird, he struts with his old time stuff, for today's the day when a dollar bill buys up much and let's see enough. It's the day when shoppers are loaded down with axes and hammers and chisels, and pink striped shirts and the latest shoes, and towels and cottons and socks. The thrifty shopper just needed a hint and the dollars are doing their tricks, and the old man's breakfast will notice the day, the weather is shiny-sun.

WASHINGTON, Feb. 19.—Demo-  
cratic leaders, beset by a southern  
revolt and a northern defeat, ral-  
lied today for their annual \$100-a-  
plate dinner and a cautious speech  
by President Truman.

It looked in advance like the big-  
gest and coldest Jackson-Jefferson  
day dinner in recent history.

Administration sources said that  
Mr. Truman would carefully avoid  
reference to the civil rights issue  
which touched off Democratic tem-  
pers in the south.

Some To Skip Dinner

Nevertheless, at least half the

southern Democrats in the senate  
planned to skip the Washington  
dinner from which the president  
will broadcast to dining Democrats  
throughout the nation. Some said  
it was "too expensive," others they  
had other plans.

Few Democrats expected Mr.  
Truman to emulate Democratic Na-  
tional Chairman McGrath, who last  
night issued what some quarters  
saw as an implied invitation to  
Henry A. Wallace to return to the  
fold.

McGrath, in a CBS broadcast,  
urged Wallace to "repudiate sup-  
porters of his cause whose only

## Man Shoots Wife And Her Suitor

Pleads With Wife And Mar-  
ried Suitor To Give Up  
Affair; Then Shoots

SURRENDERS TO  
POLICE LATER

CHICAGO, Feb. 19.—(INS)—A  
33-year-old father pleaded for  
hours with his wife and her mar-  
ried suitor to give up their affair,  
then lost his temper, whipped out  
a pistol and shot both of them early  
today as the three sat in a parked  
car.

The two victims of the shooting  
were in a serious condition at Gar-  
field Park hospital. They are Mrs.  
Millie Alamo, 30, who was shot  
in the cheek, and her admirer,  
Henry Pagliaro, 45, who was shot  
in the neck and collar bone.

Surrenders To Police

After the shooting, his wife,  
Anthony Alamo, 33, surrendered to  
police and told his story.

Alamo told police he and his  
wife frequently played poker with  
Pagliaro and his wife, Marie, and  
that at these parties he had warned  
Pagliaro to "leave Millie alone."

After he returned home from  
army service in the Pacific, Alamo  
said his wife began to demand a  
night or two a week out "with the  
girls" and he became suspicious.

Last night he followed her by  
street car and automobile and saw  
her run up to a waiting car where  
he found Pagliaro.

Pleads In Vain

Alamo said that on the way to  
a road house at suburban Lyons  
he pleaded with them to give up  
their affair but they refused. The  
argument continued during dinner  
and through the night until they  
reached the Alamo home.

During the argument Mrs. Alamo  
asked him to give her a divorce  
but he said the only condition un-  
der which he would grant the re-  
quest was for him to get custody of  
a daughter, Francine, 8.

Then, he told police he lost his  
temper and shot the two.

## Pulaski Home Is Damaged By Fire

New Wilmington Firemen Check  
Blaze In Gallagher Home  
Wednesday Night

Quick work of the New Wil-  
mington Fire department saved  
the home of David E. Gallagher,  
North street, Pulaski from destruc-  
tion at 8 o'clock on Wednesday  
evening.

Fire which it is believed origi-  
nated from defective wiring on the  
outside of the house damaged the  
walls to the extent of \$200 and  
damaged contents to the amount  
of \$100. Mr. Gallagher attributed  
the fire to a faulty extension cord  
which had been fastened to the  
side of the home.

The firemen worked for about  
an hour before the blaze was  
brought under control. The fire  
was kept in the region of an up-  
stairs bedroom and the attic and  
did not spread to other sections  
of the home.

The damage is covered by in-  
surance.

## St. Louis Records Strong Earthquake

ST. LOUIS, Feb. 19.—(INS)—  
The geophysics department of St.  
Louis University today reported  
that its seismograph had registered  
a strong earthquake.

The earthquake was recorded at  
2:39 p. m. (CST) yesterday and  
indications were that the tremor  
occurred about 3,900 miles from  
St. Louis, probably south, the  
geophysics department said.

Dr. Ross R. Henrich, associate  
professor of geophysics, said the  
tremor may have occurred in the  
vicinity of Peru and was strong  
enough to cause extensive damage.

Members of the Consistory  
Choir, accompanied by the officers  
of the consistory, and a group of  
members, were in Sharon last eve-  
ning, where a fine program of en-  
tertainment was presented in the  
Sharon Junior High School.

Introductory remarks were made  
by Commander in Chief, Ill. Wil-  
ly O. Rugh, 33, who presented Sam  
Lewis, director of the choir, Dave  
Rees, associate director, who led  
in group singing, and Ernel E.  
Branstetter, accompanist.

Mr. and Mrs. A. M. Almstedt,  
of Buffalo, N. Y., were the guest  
artists. Mrs. Almstedt will be re-  
membered as Miss Dorothy Buck,  
who has been heard here in vocal  
numbers.

In addition to their solo num-  
bers, and the numbers by the  
choir, there was some splendid  
vaudeville. Lou Pearsall served as  
master of ceremonies, and the  
choir numbers were introduced by  
C. W. Herman Hess.

## Would Include Military Aid In China Program

Demands Develop In Con-  
gress That U. S. Assis-  
tance Be Broadened

TRUMAN PROGRAM  
NEEDS EXTENSION

(BULLETIN)

WASHINGTON, Feb. 19.—

(INS)—The House Foreign Af-  
airs Committee today sum-  
moned Secretary of State Mar-  
shall to testify tomorrow on  
President Truman's request  
for \$70 million dollars in aid  
for China.

Marshall will testify at a  
public hearing and also in a  
closed door session of the com-  
mittee.

By FRANK B. ALLEN  
(U. S. Staff Correspondent)

WASHINGTON, Feb. 19.

—Demands developed in

Congress today that Ameri-  
can assistance to China are  
broadened to provide mili-  
tary aid for her battle  
against the Communists.

Sen. Bridges (R) N. H. chairman  
of the Senate Appropriations Com-  
mittee, called for inclusion of mili-  
tary aid in President Truman's  
proposal for a \$70,000,000 assis-  
tance program for China.

Bridges was joined by Sen.  
Brewster (R) Maine, who declared  
that any program without military  
support "would be futile."

The two senators called for a  
strong hand against Chinese Com-  
munists as the House Foreign Af-  
airs Committee moved swiftly to  
order hearings tomorrow on the  
China program and to announce  
that it plans to combine the mea-  
sure with the Marshall plan for  
Europe.

Asks Other Plans

The House Committee also  
called on the administration to dis-  
close at once any other foreign  
relief plan it is contemplating.  
These, too, would be woven into  
the Marshall plan bill.

Rep. Eaton (R) N. J., foreign af-  
airs chairman, announced that the  
committee will go into closed-door  
meetings March 2 to write a bill  
after closing open hearings in  
which third-party presidential can-  
didate Henry Wallace will testify  
on Feb. 24.

Calling for military aid to end  
China's long internal struggle with  
the Communists, Bridges said:

"The expenditure of billions of  
dollars to halt the spread of Com-  
munism in Europe makes little  
sense if, at the same time, this  
government allows China to go to  
the Communists by default."

Need Military Supplies

Bridges endorsed President Tru-  
man's proposal as far as meeting  
economic ills of China is concern-  
ed. But the senator said:

"There are two requirements  
that must be met in China. We  
should furnish military supplies to  
enable the Nationalist government  
to use the equipment we already  
have given them."

"And we should send to the Na-  
tionalist government a strong and  
forthright representative of our  
government."

## Duntile Company Given Contract

HARRISBURG, Feb. 19.—(INS)—  
The State Highways Department  
today announced the award of  
\$350,182 contract to the New Castle  
Duntile Co. New Castle, to widen  
and resurface 6.06 miles of U. S.  
Route 62 in Hickory, Jefferson and  
Lackawanna townships, Mercer  
county.

Members of the Consistory

Sharon Junior High School.

Introductory remarks were made  
by Commander in Chief, Ill. Wil-  
ly O. Rugh, 33, who presented Sam  
Lewis, director of the choir, Dave

## Arthur Mometer

A dollar bill has been somewhat  
shy at least for a couple of years,  
it bought less bread and it bought  
less meat and pickles and dough-  
nuts and beers. But the dollar to-  
day is a cocky bird, he struts with  
his old time stuff, for today's the  
day when a dollar bill buys spinach  
and lettuce enough. It's the day  
when shoppers are loaded down  
with axes and hammers and cloths,  
and pink fringed shawls and the  
latest shoes, and towels and calico  
and socks. The thrifty shopper  
just needed a hint, and the dollar  
are doing their tricks, and the old  
man's bankroll will notice the day,  
the weather is just-right.

## Man Captured After Chase, Held For Auto Theft

Dale Baker of Court street was held today by police to answer information to be filed by Chief of Police Robert D. Hanna before Alderman J. C. Kennedy, charging Baker with larceny of an automobile.

He allegedly stole the car of Walter Moore of 22 Spring street from Norris Way at 11:35 p. m. Baker telephoned state police, who relayed the information to city police headquarters, who put the call on the air.

Policemen Delbert Wels and George Sigler saw the car, without lights, proceeding west in State street. They stopped the auto and Baker leaped from it and ran through several rear yards. Policemen Wels discharged a bullet in the air to cause Baker to halt.

However, he fell down and the police took him into custody.

## Mrs. E. J. Mathis Rites In Virginia

Mrs. Lloyd McConnell, Crawford avenue, has returned from Appalachee, Va., where she attended funeral services for her mother, Mrs. E. J. Mathis. Funeral services were conducted February 4.

Mrs. Mathis, who died February 4, was preceded in death by her husband.

Survivors in addition to Mrs. McConnell include another daughter, Mrs. Benton Witt, and one son, Hollis Mathis, both of Appalachee.

Mrs. Mathis was well known in New Castle, where she had spent several summers.

real hope is that they can defeat the Democratic party's program of practical liberalism.

**Comes After Upset**

Chairman McGrath's appeal to Wallace came 24 hours after the upset victory of a Wallace-backed third party candidate in New York City. Earlier McGrath warned that his party will "make a grave mistake if it does not learn a lesson" from the election of Leo Jackson, American Labor party candidate for congress in New York.

Democratic headquarters said the Washington fund-raising affair tonight—actually two dinners in separate hotels—would draw a record attendance of at least 2800 persons. Last year's one-hotel celebration brought out 1800 Democrats at \$100 a plate.

## CONGRESSMAN ASSAILS RECEPTION

\$100 for tonight's lavish rally. He told the house that Wilson Wyatt, chairman of the dinner committee, sent out this note to "deserving Democrats":

**Opportunity For Tea**

"All ladies attending the Jefferson-Jackson Democratic centennial dinner in Washington, Feb. 19, 1948, will have the opportunity of being received by Mrs. Truman in the White House at 4 o'clock this afternoon. White House admission cards will be issued to those on the guest list as of Feb. 5, 1948."

Scott then added:

"Ladies: If you can find a \$100 bill in your purse, or five twenties, you can satisfy your impulse to see the inside of the White House."

"For no extra charge you can sip tea with Mrs. T."

## Harrison Street Paving Is Sought

School Board Is Asked To Share In Cost Of Improvement At Thaddeus Stevens School

Before the school board Wednesday night, a delegation of ladies from Harrison street appeared and asked the board to co-operate in the paving of the street. The property of the Thaddeus Stevens school runs about 280 feet on Harrison street, including a 20-foot alley, and it was this section the ladies asked the board to finance. Mrs. Al Francis acted as spokeswoman.

The board is not liable for paving costs, but can make appropriation for such work. It was agreed the board would bear its share of the expense when and if the work is done.

The Optimists' club asked permission to use the Washington gymnasium the last week of March and the first week of April for the annual basketball tournament which is staged in New Castle. Permission was granted, with the club to pay janitorial, light and heat expenses.

fore resigning itself to saying "yes" or "no" to the Palestine commission's appeal for armed forces.

Among alternatives under discussion were a final attempt at mediation between the Jews and Arabs, and a request to Britain to retain the mandate until Aug. 1. The British intend to pull out of the Holy Land on May 15.

Sir Arthur Creech-Jones, British Secretary of State for Colonies, reiterated that British policy on Palestine has not changed one iota from the position he outlined before the U. N. General Assembly last November.

## MAN INJURED WHEN STRUCK BY JEEP

Wayne Wilson, aged 43 years, of R. D. 2, suffered a laceration of the head when struck by a jeep, while at work at the Valley Motor Freight Co., early this morning.

He was brought to the Jameson Memorial hospital for treatment at 3:45 a. m.

## LARGE CROWD SHARES DOLLAR DAY BARGAINS

(Continued from Page One)

125, only 124. One was torn completely in two as two thrifty shoppers got into an argument as to who had it first.

Women's wear, linens, bed clothing, shoes, household appliances, foodstuffs, all of them had felt the price cutting axe and the results were gratifying to merchant and shopper alike.

Early this afternoon the crowd was swelled with an after lunch crowd and by closing time this afternoon it is thought a new Dollar Day record will be hung up.

The day was sponsored by the Merchants' Division of the Greater New Castle Association, with William E. Langan as chairman.

## Man Captured After Chase, Held For Auto Theft

Dale Baker of Court street was held today by police to answer information to be filed by Chief of Police Robert D. Hanna before Alderman J. C. Kennedy, charging Baker with larceny of an automobile.

He allegedly stole the car of Walter Mrozek of 22 Spring street from Morris Way at 11:45 p. m. Mrozek telephoned state police, who relayed the information to city police headquarters, who put the call on the air.

Policemen Delbert Weis and George Sigler saw the car, with but lights, proceeding west in state street. They stopped the car and Baker leaped from it and ran through several rear yards. Policemen Weis discharged a bullet in the air to cause Baker to halt.

However, he fell down and the police took him into custody.

## Mrs. E. J. Mathis Rites In Virginia

Mrs. Lloyd McConnell, Crawford avenue, has returned from Appomattox, Va., where she attended funeral services for her mother, Mrs. E. J. Mathis. Funeral services were conducted February 4.

Mrs. Mathis, who died February 3, was preceded in death by her husband.

Survivors in addition to Mrs. McConnell include another daughter, Mrs. Benton Witt, and one son, Morris Mathis, both of Appomattox. Mrs. Mathis was well known in New Castle, where she had spent several summers.

real hope is that they can defeat the Democratic party's program of practical liberalism.

**Comes After Upset**

Chairman McGrath's appeal to Wallace came 24 hours after the upset victory of a Wallace-backed third party candidate in New York City. Earlier McGrath warned that his party will "make a grave mistake if it does not learn a lesson" from the election of Leo Jackson, American Labor party candidate for congress in New York.

Democratic headquarters said the Washington fund-raising affair tonight—actually two dinners in separate hotels—would draw a record attendance of at least 2000 persons. Last year's one-hotel celebration brought out 1800 Democrats at \$100 a plate.

## CONGRESSMAN ASSAILS RECEPTION

(Continued from Page One)

\$100 for tonight's lavish rally. He told the house that Wilson Wyatt, chairman of the dinner committee, sent out this note to "deserving Democrats":

**Opportunity For Tea**

"All ladies attending the Jefferson-Jackson Democratic centennial dinner in Washington, Feb. 19, 1948, will have the opportunity of being received by Mrs. Truman in the White House, at 4 o'clock this afternoon. White House admission cards will be issued to those on the guest list as of Feb. 5, 1948."

Scott then added:

"Ladies! If you can find a \$100 bill in your purse, or five twenties, you can satisfy your impulse to see the inside of the White House."

"For no extra charge you can sip tea with Mrs. T."

## Harrison Street Paving Is Sought

School Board Is Asked To Share In Cost Of Improvement At Thaddeus Stevens School

Before the school board Wednesday night, a delegation of ladies from Harrison street appeared and asked the board to co-operate in the paving of the street. The property of the Thaddeus Stevens school runs about 280 feet on Harrison street, including a 20-foot alley, and it was this section the ladies asked the board to finance.

Mrs. Al Francis acted as spokeswoman.

The board is not liable for paving costs, but can make appropriation for such work. It was agreed the board would bear its share of the expense when and if the work is done.

The Optimists' club asked permission to use the Washington gymnasium the last week of March and the first week of April for the annual basketball tournament, which is staged in New Castle, which was granted, with the club to pay janitorial, light and heat expenses.

A refund of \$196 tax money, one-third of the 1947 school taxes, was authorized to the H. G. Preston company. Their building on Grove street burned down September 1, 1947, and the city has agreed to refund one-third of the city taxes for the period in 1947 when the building could not be used.

fore resigning itself to saying "yes" or "no" to the Palestine commission's appeal for armed forces.

Among alternatives under discussion were a final attempt at mediation between the Jews and Arabs, and a request to Britain to retain the mandate until Aug. 1. The British intend to pull out of the Holy Land on May 15.

Sir Arthur Creech-Jones, British Secretary of State for Colonies, reiterated that British policy on Palestine has not changed "one iota" from the position he outlined before the U. N. General Assembly last November.

## MAN INJURED WHEN STRUCK BY JEEP

Wayne Wilson, aged 43 years, of R. D. 2, suffered a laceration of the head when struck by a jeep, while at work at the Valley Motor Freight Co., early this morning.

He was brought to the Jameson Memorial hospital for treatment at 3:45 a. m.

## LARGE CROWD SHARES DOLLAR DAY BARGAINS

(Continued from Page One)

125, only 124. One was torn completely in two as two thrifty shoppers got into an argument as to who had it first.

Women's wear, linens, bed clothing, shoes, household appliances, foodstuffs, all of them had felt the price cutting axe and the results were gratifying to merchant and shopper alike.

Early this afternoon the crowd was swelled with an after lunch crowd and by closing time this afternoon it is thought a new Dollar Day record will be hung up.

The day was sponsored by the Merchants' Division of the Greater New Castle Association, with William E. Langan as chairman.

## CHURCH NUPTIALS

Highland U. P. church was the scene of a simple but impressive wedding early Wednesday afternoon uniting in marriage Miss Mary Jo Flout, daughter of Mrs. Andrew Flout, of 809 North Locust street, and Harry Hartzel Huston, son of Mr. and Mrs. J. Hartzel Huston, of 418 Norwood avenue.  
Dr. D. L. Ferguson officiated at the single ring ceremony at one o'clock in the afternoon in the presence of a gathering of a few relatives and friends.

The bride, given in marriage by her brother, Eugene Flout, wore a floor-length wedding gown of white crepe fashioned with a high round neckline, short sleeves, and a lace peplum. Her veil fell from a beaded tiara headdress and she carried a bouquet of white roses and 'mums.

As her honor attendant Miss Lena Donofrio wore a gown of gold-colored crepe with a matching picture hat and carried a bouquet of copper red 'mums.

Andrew Offutt, of Greenville, was best man for the groom.

Following the ceremony the bride party formed a receiving line in the church vestibule and later a wedding dinner was served to the bride party and members of the families at a suburban dining room.

Mr. and Mrs. Huston left on a short wedding trip and upon their return within a few days they will take up residence in their newly furnished apartment at 809 Locust street.

Both Mr. and Mrs. Huston are graduates of New Castle high school. He attended Westminster College and is now associated in business with his father in the H. R. Huston Company.

**RAINBOW ENJOYS VALENTINE PARTY**  
One of the most enjoyable events of the year on the Rainbow Order's social calendar was the Valentine party held following the meeting of New Castle Assembly No. One, in the East Lodge room of the Cathedral Wednesday evening, with worthy Advisor Donna Allen and Mother Advisor, Mrs. William C. Whelton presiding.

Miss Wilma Cavill was general chairman, with Constance Peck in charge of refreshments. Mary Alice Falls in charge of entertainment, and Peggy Smith in charge of the decorations.

A play, "Heart Trouble," was given by a group of high school students who are members of the dramatic class, which was supervised by Miss Clara M. Hartsuff, dramatic teacher. The cast included Bill McClintock, Virginia Lightner, Ish Krash, Natalie Book, and Bill Bowen.

Afterwards, games and dancing was enjoyed in the main dining room, topped off by a buffet lunch.

The evening's program was largely attended by the members and their guests. Door prizes went to Jo Marie Harshorne and Jimmy Anthony.

**Party For David DeGennaro**  
Mr. and Mrs. Jack DeGennaro, 714 Acorn street, entertained a group of friends and relatives in their home Tuesday evening at a party in honor of the fifth birthday of their son, David.

Dancing was a pastime of the evening. The hostess was aided in serving lunch by her sister, Miss Rose Caprino, Mrs. Marian Mantord, Mrs. Frank Cagnette, and Miss Nina DeLuca. Downstairs rooms of the DeGennaro home were decorated with spring flowers.

The honored guest was recipient of a number of handsome gifts as remembrances of the occasion.

## HAS DINNER PARTY

Approximately 70 members of the Lawrence County Medical auxiliary, with their husbands as guests, attended a lovely dinner-party on Wednesday evening at 7 o'clock at the New Castle Country club.

A full course dinner was enjoyed on long tables, beautifully arranged in the valentine motif with clover favors. Mrs. James Crawford was in charge of the decorations. President Mrs. Simon Skole made brief remarks in welcoming the guests prior to the dinner.

An informal social hour ensued with games being on the program. Capturing the door prizes during the evening's entertainment were Dr. William Hinkson and Mrs. Paul B. Wilson.

General Chairman Mrs. Ralph Markley, who is given due credit for the evening's success, was capably assisted by the following committee: Mrs. Travis French, Mrs. Joseph E. Ginsberg and Mrs. George Jones.

On March 18, a musical program will be featured, the meeting to be held at the home of Mrs. Nathan Ginsburg, East Sheridan avenue.

## WASHINGTON DAY

## TEA TO BE GIVEN

Missionary cabinet of the First Presbyterian church has extended an invitation to all women of New Castle to attend a program and silver tea observance of the birthday of George Washington in the church Friday afternoon at 2 o'clock. Tea will be served afterward.

Mrs. Harold Cox is the sponsor of a choral group who, under the direction of Mrs. L. Paul Friend with Mrs. J. J. Alexander at the piano, will sing two groups of songs.

Included in the first group will be "Whistle While You Work" from "Snow White," "Zip-a-dee-doo-dah" from "Song of the South," and "Oh, Zip Coon" from "Turkey in the Straw."

Atty. William J. Caldwell will speak on "The Human Side of George Washington." Mr. Caldwell is an authority on the life of Washington and the history of the early days of our country that formed the background of his life, and consequently, the program planned is one of particular timeliness and interest.

To close the program the choral group will sing "God Bless America." Tea will be served in the church parlors at the close of the program.

## GARDEN CLUB TO ORGANIZE CLASS

An unusually large attendance of more than 30 members, guests, and children marked the February meeting of the Harlansburg Garden club Wednesday afternoon in the home of Mrs. J. H. Hogan, Harlansburg, with Mrs. Belle Thompson as co-hostess.

As the opening program featured Mrs. John Morrow gave a very interesting account of George Washington's home, Mt. Vernon.

As a special feature Miss Jean Crumer, assistant home economics extension worker, who was present, talked on "Making Slipcovers" and showed how to measure for slipcover material. At the close of her talk it was decided to organize a class in home economics to meet in Liberty grange hall on the first Tuesday of each month and membership in the class is open to all women of the community who wish to enroll.

Special guests of the afternoon were Mrs. E. W. Moore and Mrs. Mont Minor, both of Plaingrove. Mrs. R. L. Goodknight and Mrs. Ethel Hartless.

Next meeting of the garden club will be March 17 in the home of Mrs. Lavelle McFarland with Miss Margaret Harlan as co-hostess.

## STUDY GROUP GIVES FELLOWSHIP DINNER

Culminating the close of five weeks of classes for the study of the book, "Committed Unto Us," the study group of the Women's Society of Christian Service of the Epworth Methodist church sponsored a churchwide fellowship dinner in the church dining room on Wednesday evening at 6:30.

Scenes depicting the various places in the world where missionaries of the church are stationed decorated the three long dinner tables, adding considerably to the interest of the occasion.

After dinner, in playlet form with members of the study group taking part, the audience was informed of what has been accomplished in the classes during recent weeks with Mrs. J. F. Rentz as teacher, introductory comment on the study group's progress and a message of welcome was extended by Mrs. Russell Rhodes, who, on behalf of the class, presented a corsage to Mrs. Rentz in appreciation of her guidance of the class. Assistance in arranging the program of the evening was given by Rev. George R. D. Braun.

Mrs. Carrie Alexander was chairman of decorations, Mrs. David McCreary of invitations and Mrs. Arthur Armstrong of the program.

## HADASSAH PRE-DONOR MEETING ON TUESDAY

Hadassah members of the New Castle Chapter will have a pre-donor meeting, Tuesday evening, February 24, at Temple Israel at 8:15 o'clock.

Members are looking forward to this meeting for it will afford an opportunity to hear two excellent and well known speakers of Pittsburgh. They are, Mrs. A. M. Karlin, young and witty speaker and leader in civic activities.

Mrs. Morris Naft, of Pittsburgh who has written an original sketch, "A Letter From Henrietta Seld," will present the sketch at this affair. She is the past president of the Wheeling-Belemont chapter of Hadassah and at present is the regional secretary of the Western Pennsylvania drama director of the Pittsburgh chapter of Hadassah.

Mrs. Gilbert Levine is the chairman of hostesses, and Mrs. Abe Cohen, president will conduct the meeting.

## ESTHER CIRCLE

## VIEWS PLAYLET

Queen Esther circle of the First Methodist church at its meeting Tuesday evening in the home of Mrs. E. C. Buzard, 7 East Moody avenue, saw an entertaining short playlet, "Heart Trouble" presented by a cast of Ne-Ca-Hi students under the direction of Miss Clara Hartsuff.

Those taking part in the 15-minute play were William McClintock, William Bowen, Natalie Book, Virginia Lightner, and Ish Kish. Devotionals were led by Miss Alma Locke and the third chapter of the study book was reviewed by Mrs. Jesse N. Kerr.

At the close of the evening a tray lunch was served by Miss Beatrice Bruce and her committee, Miss Neva Moore, Miss Alma Locke, Mrs. Ruth Bruce, Mrs. Gladys Baker, and Mrs. E. C. Buzard.

## RICHARDS-KANAGY

## ENGAGEMENT TOLD

Mr. and Mrs. John A. Stear, of Beaver, announce the engagement of their daughter, Martha Jean Richards, of 406 1/2 East Garfield avenue, to David R. Kanagy, son of Mr. and Mrs. Elmer Kanagy, of Wampum.

Both Miss Richards and her fiancé are employed by the Bell Telephone Company in New Castle.

No date has been set for the wedding.

## S. S. Legion

Service Star Legion No. 176 will meet Friday evening, February 20 at the home of Mrs. Della Missey, Fisher apartments, Long avenue.

## Willing Workers Entertained

Willing Workers class of the Reorganized Church of Jesus Christ of Latter Day Saints, met Tuesday evening in the home of Mrs. Wil-

## liam G. McCune, Grandview avenue.

The evening was enjoyably spent in playing games. Later in the evening a delightful birthday repast

was served in honor of president, Mrs. McCune, with Mrs. Mary Clark, assisting.

There will be a business meeting on March 3.

## In View Of News Of The World

By J. C. Oestreicher, INS Foreign Director

The irresistible charm that Paris has managed to retain throughout wars and financial reverses appears to have played a leading role in the United Nations' decision to hold the next general assembly meeting in the French capital.

Advantages to be derived from devaluation of the franc are mentioned by the economically-minded.

But most world statesmen feel more at home in Paris than in New York and there are few Americans indeed who do not look forward with pleasurable anticipation to a sojourn in the majestic city along the Seine.

**Plenty of Modern Comforts**

The delegates will have plenty of modern comforts. The huge Palais Chaillot, erected only in 1937 for a Paris exposition, has been selected for the meeting. Shiny and new, it is in outstanding contrast to draughty, dusty old Luxembourg palace where the big four assembled at their last Paris meeting.

The Palais Chaillot replaced the ramshackle old Trocadero, relic of an earlier fair, which most Parisians regarded as an eye-sore. Its site is one of the most magnificent in Paris, overlooking the Seine and the Eiffel tower.

But like most places in Paris, the site is rich in history and tradition and once was the stamping ground of one of the greatest revolutionaries in French history—the Marshal Francois de Bassompierre.

The original chateau to stand where Chaillot now looks down upon the river was built by Catherine de Medici. It was taken over by the marshal after numerous important military and diplomatic missions for Henry IV. Then he settled down to write his memoirs and build up a voluminous correspondence—letters which came to be famous in history.

**Burns Love Letters**

In the year 1630 Bassompierre became involved in a plot against Richelieu.

His share was a minor one. But the cardinal's men came to cart him off to the Bastille and Bassompierre made but one request. It was one of utmost gallantry and endeared him to all Frenchmen for all ages to come.

It was for permission and time to burn the love letters he received—the staggering total of six thousand—and for many hours.

**Looking At Life**

By Erich Brandeis

"My husband and I both love children," writes a reader of this column. "But unfortunately I can never have any of my own."

"We have often talked about adopting a baby, but frankly we are afraid. When you get a baby from an institution you know nothing about its background and take very much of a chance."

"What do you think? Would you advise us to adopt a child?"

This is only one of the many letters that have come to me on the subject and not having any children of our own, my wife and I have often discussed the idea of adopting one.

"We, too, have hesitated, but never because of the 'chance' or uncertainty."

A newspaperman's hours are irregular and he has to travel a lot; thus any child of ours would have been deprived of the steady and regular home life that any youngster should have.

On our way home from California the other day our Pullman conductor, George J. Carroll, sat down and talked to us for quite a spell.

Let me interject here that I have never found any other type of people who have such a sound, down-to-earth outlook on life as railroad men. I have not only found them, but I have also learned a lot from them.

This fellow and his wife adopted two little girls.

One ten years old now, the other almost two.

When the ten-year one was seven she came to her foster parents and told them she had heard that she was an "adopted child."

"What does that mean, daddy?" she asked.

So he told her that they had prayed to God for a baby and that God had shown them the way.

"So we went to St. Vincent's in Chicago," he told her, "and there were 50 or more children, all waiting for parents."

"We looked them all over and picked you, because we liked you best because you were so pretty and neat and because we thought you would grow up to be such a nice little girl."

The youngster was very proud of having been chosen among so many and promised her folks that she would always try to live up to their expectations.

Then about 18 months ago she asked whether she couldn't have a little sister.

So they took her to the same institution and father, mother and the child picked out the little sister.

"Chance?" R.R.

A child is the reflection of those who bring it up. Good parents—natural or foster—will rear good children.

For every adopted child that goes wrong a dozen natural sons and daughters become rotters on their own.

Physical heredity, yes. Spiritual heredity, no.

It's heredity, perhaps, that builds a body, it's environment that builds character.

It isn't the parents that take a chance—it's the children. But not the Carroll children!

## Soup's On

## Washington Calling

(By MARQUIS CHILDS)

**Seek To Arouse Public Interest**

WASHINGTON Feb. 19.—In a recent speech Chairman David Lillenthal of the atomic energy commission told a story about Orville and Wilbur Wright.

The two brothers left their successful bicycle business in Dayton, O., some 40-odd years ago to try out their homemade airplane in North Carolina. One day their sister in Dayton got a telegram reading: "First sustained flight today. 59 seconds. Very happy. Home by Christmas." She rushed to a local newspaper office with the world-shaking news that man for the first time had made a flight in a heavier-than-air machine. The next day, in the personal columns, the following headline appeared: "Popular local bicycle merchants home for holidays."

Lillenthal told this story, which may well be legendary, to illustrate how a discovery meaning revolutionary change can be ignored, or so little understood as to be almost disregarded. When the Wright brothers took their contraption off the sands of Kitty Hawk, N. C., the destruction of great cities by mass bomber attacks became possible.

**Trying Hard**

The members of the AEC are trying to make the American people understand what a revolution has been wrought by atomic fission. It began with a talk by Lillenthal last September at Crawfordsville, Ind. He assailed the idea that atomic science was so difficult, so remote, so awesome, so little understood that it could not be understood. The American people, said Lillenthal, must know and understand this new force. They must know because they, rather than a priesthood of scientists and men in uniform, must decide how this force is to be used.

Commissioners W. W. Waymack and Sumner T. Pike, as well as Lillenthal, have repeatedly stressed this theme. The goal is to overcome the shadow of fear and mystery cast over the whole subject in the wake of Hiroshima and Nagasaki.

**Only Time Will Tell**

Whether this effort will succeed, only time will tell. But in every way through traveling exhibits, through discussion and debate, the AEC is doing all in its power to stir active, constructive public interest in the force that can spell life or death. Recently when he put one of Lillenthal's talks in the Congressional Record, Rep. W. Sterling Cole of New York, vice chairman of the joint senate-house atomic committee, praised AEC for working to inform Americans so that they "can make intelligent decisions which will guarantee to the world that our use of atomic energy will be for peaceful purposes alone."

Necessarily, of course, 99 per cent of AEC's work is secret and the whole operation is surrounded by a rigid security network. When you call on one of the commissioners, you must observe the kind of regulations that prevailed during the war at the highest military levels.

**Checked At Door**

At the door of the public health service building, where AEC has its offices, a check is made to determine whether you have a bona fide appointment. After you fill out a form giving basic data about yourself, you are given a badge and then a guard escorts you to the proper office. You cannot leave that office without another escort. Everywhere there are signs, such as: "Have you locked your safe?" "The doors and windows in this room must be locked and checked each evening."

One problem under these circumstances is to insure the loyalty of the thousands of men and women employed by AEC at Oak Ridge, Tenn., at Hanford, Wash. in New York, at Los Alamos, N. M., and elsewhere.

The housewife is just champing at the bit the past few days . . . all the sunshine and mild weather brings out the window cleaning urge . . . at least to part of the ladies of the houses. Maybe we should talk so much . . . might give some ideas that would be better for the country side . . . when we were called to the outside of the house and handed a nice clean cloth . . . The woman smeared the windows with a white powder and it was our job to make the glass sparkle . . . There is a bright spot in every job . . . daylight didn't last very long and thus the job was not a lengthy one. Surely no one will get the idea to clean wall paper this early in the season!

Today Dollar Day . . . thousands of women were in town . . . rooting through the many sale offerings . . . some mighty fine bargains were snapped up too . . . It's been about five years since New Castle merchants have been in a position to offer the local buyers a Dollar Day . . . and the women really seemed to appreciate the opportunity.

We intended to mention this several days ago but somehow or other it always seemed to slip until after the column was written . . . but then it doesn't take much to make us smile . . . One local store has a sign out front which reads "Growing Girls Now 75c" . . . since we have a growing girl we can't rightly figure if this is a bargain price or not.

Guess that about finishes us up for now . . . we must go out and see what the weather is like . . . and the people . . . you know it's great to be living with people . . . They smile and laugh and seem to have such a grand time . . . we feel terribly sorry for the few sour pans that travel the streets.

## More Soviet Fanaticism Seen

By PAUL GALICCO

Did you see where a number of Soviet composers of long-hair music are in the doghouse again with the ideological papas of the Soviet Union for writing music which is decadent, bourgeois, representative of the West and not in tune with the Russian democratic spirit?

Not that it is my idea to try to spit you up over this on an otherwise quiet Thursday, or expect you to run a temperature over the musical and ideological woes of parties by the name of Shostakovich, Prokofiev and Khachaturian, though if you have a kid around the house who is taking lessons in playing the bang-box, he is in all probability practicing a piece by this same Prokofiev, namely "Peter and the Wolf." You know how it goes, once you get the melody in your head you can't get it out. But the denouncing of their "Big 3" in music by the Central Committee of the Communist Party did give me an idea I thought might interest you.

**Would Cart Them Away**

If the National Committee of the Democratic Party in Washington were suddenly to issue a manifesto condemning the music of Richard Rodgers, Jerome Kern and Irving Berlin as Leftist, Un-American and too representative of the unwashed proletariat and ordered them to stick to re-writes of "Swanee River," "Massa in de Cold Cold Ground," and "Yankee Doodle," as being more in the American tradition, you would say that the boys had gone off their chumps, and you would be quite content to contribute to a fund to send down the wagon to cart them away. How can a noise which somebody writes down on paper for somebody else to blow through a tube or saw over a piece of catgut be ideological? It sounds crazy, doesn't it?

**Soviet Gang Just As Crazy**

Well, the point I wanted to make is that the Soviet gang is just that crazy and the sooner we realize it and understand it, the better for us and the new generation. Because the Russians don't believe they are nutty. They are quite serious about this hocus-pocus with bourgeois atonality and decadent Western cacophonies because they are fanatics. And, brother, when you are dealing with fanatics, that is when you are in trouble. You have to throw all of the rules out of the window and start from scratch, because your true, dyed-in-the-wool fanatic makes up his rules as he goes along.

Der Suesse Adolf was able to loose such hell on earth because he was a genuine fanatic. A lot of smart operators and Nazi thieves took advantage of the chaos he instigated to enrich themselves and make a general looting expedition out of Hitler's Holy War, but Hitler himself was scrupulously honest and never took a penny of anybody's money so far as the records show. His dreadful power lay in that he really bought that baloney about Nordic, Aryan supremacy and believed in it implicitly. His hatred of the Jews was neither political nor economic, but a deep-seated psychic fault. Against that type of fanaticism sweet reason simply does not prevail, and the result is a bloody war.

**Soviet Fanaticism Evident**

Somewhere close to the top of the Soviet regime lies a similar fanaticism which regards Communism as a religion and even more dangerous, hooks it up with Russian nationalism. This fanaticism solemnly proposes that the dissonances of the Russian spirit via the route into the mind through the eardrums, and, what is more, believes it is Hitler all over again, only worse. This is where we came in. I am not saying we must go to war with them over this, but I am saying that you cannot afford to believe the Henry Wallace who say that we must cozy up to and cuddle a gang that subscribes to such hogwash. I don't know the right method to handle a crowd like this, but I do know the wrong one when I see it. So keep your left out, brother, because the fanatic is never appeased or satisfied until everybody believes as he does.

## Health Talks

By DR. W. A. WOMER  
City Health Superintendent

**PICNICS AND TALK**

Picnics are good places to talk. Usually the picnickers talk about eating. There is usually some one who is on a diet for obesity. Some of these diets are wonderful to behold.

If they were followed carefully they would cause obesity rather than prevent it.

"A little learning is a dangerous thing."

For a person who tends toward over weight, it might be helpful to make a study of the fundamentals of nutrition.

She might learn about calories and protein and fat and carbohydrate. She might even study about vitamins and enzymes and minerals.

The suggestions which come over the radio are not always helpful. Some of these voices have something to sell.

**They Say**

BOSTON—Archbishop Richard J. Cushing told Boy Scouts and leaders: "We owe it to our young people to stop talking misery, thinking of disaster and expecting the worst. We should begin talking hope, thinking peace and expecting a 'break'."

NEW YORK—Joseph C. Grew, former ambassador to Japan, in demanding passage of the Universal military training bill: "Bullies do not attack the strong. Hostility against the UMT bill comes in part from subversive elements."

WASHINGTON—Sen. Taylor mentioned as Henry Wallace's possible running mate: "The American Labor party's victory in the special New York election is just a forerunner of what is going to happen across the nation. It's a demonstration that the American people are sick and tired of our 'get tough' foreign policy."

A millionaire has startled art circles by claiming he was not quite sober when he paid \$31,500 for a painting. Now several other art patrons are examining their pictures and their diaries.

There was a time when a man's wife would phone down to the corner tavern when he was out late. Now she'll have to check the art galleries too.

And it seems obvious that the fellow who drew "The face on the bar room floor" was ahead of his time. Today he could open a studio and make real money.

But I say if a man is to be questioned about his sobriety when he buys a painting the artist should be given the balloon test too. He's the fellow who painted it.

One old gallery in Boston has taken "modern" out of its name. Evidently the saturation point is people who look like trees and trees that look like hall racks has been reached.

The housewife is just champing at the bit the past few days . . . all the sunshine and mild weather brings out the window cleaning urge . . . at least to part of the ladies of the houses. Maybe we should talk so much . . . might give some ideas that would be better for the country side . . . when we were called to the outside of the house and handed a nice clean cloth . . . The woman smeared the windows with a white powder and it was our job to make the glass sparkle . . . There is a bright spot in every job . . . daylight didn't last very long and thus the job was not a lengthy one. Surely no one will get the idea to clean wall paper this early in the season!

Today Dollar Day . . . thousands of women were in town . . . rooting through the many sale offerings . . . some mighty fine bargains were snapped up too . . . It's been about five years since New Castle merchants have been in a position to offer the local buyers a Dollar Day . . . and the women really seemed to appreciate the opportunity.

We intended to mention this several days ago but somehow or other it always seemed to slip until after the column was written . . . but then it doesn't take much to make us smile . . . One local store has a sign out front which reads "Growing Girls Now 75c" . . . since we have a growing girl we can't rightly figure if this is a bargain price or not.

Guess that about finishes us up for now . . . we must go out and see what the weather is like . . . and the people . . . you know it's great to be living with people . . . They smile and laugh and seem to have such a grand time . . . we feel terribly sorry for the few sour pans that travel the streets.

A millionaire has startled art circles by claiming he was not quite sober when he paid \$31,500 for a painting. Now several other art patrons are examining their pictures and their diaries.

There was a time when a man's wife would phone down to the corner tavern when he was out late. Now she'll have to check the art galleries too.

And it seems obvious that the fellow who drew "The face on the bar room floor" was ahead of his time. Today he could open a studio and make real money.

But I say if a man is to be questioned about his sobriety when he buys a painting the artist should be given the balloon test too. He's the fellow who painted it.

One old gallery in Boston has taken "modern" out of its name. Evidently the saturation point is people who look like trees and trees that look like hall racks has been reached.

All I know about art is that if a dog doesn't sniff, that isn't meat on the plate.

### Forty Hours At St. Lucy's Church

Services Starting Friday Morning  
Will Have Solemn Closing  
Sunday Evening

There will be 40-hour devotions at St. Lucy's church on February 20, 21, 22, with the opening of the devotions to take place Friday morning at 9 o'clock, with the celebration of a solemn high mass.

Rev. Fr. Ignazio will be celebrant, Rev. W. Karavackas deacon and Rev. William Gargalo sub-deacon. Friday evening at 7:30 there will be the recitation of the rosary, a sermon in Italian and benediction.

On Saturday morning the exposition of the Blessed Sacrament followed by a high mass will take place at 8 o'clock. At 7:30 in the evening there will be devotions and a sermon in English.

Sunday morning the exposition of the Blessed Sacrament will take place at the 8 o'clock mass. The closing of 40-hour devotions will take place Sunday evening at 7:30. Rev. Fr. A. Inteso of St. Vitus church will deliver a sermon in English and Rev. Fr. V. Galliano of the Purification of B. V. M. church in Ellwood City will deliver a sermon in Italian.

Solemn closing services will be held, the following participating: the Holy Angels Sodality, St. Agnes society, the Immaculate Conception Sodality, the Junior and senior members of the Holy Name society and the Catholic priests of Lawrence county. The church will be open all three days for public adoration of the exposed Blessed Sacrament. All church and altar decorations for the occasion will be done by the Sisters of St. John the Baptist and the ladies of the Altar society.

### Girl Scouts No. 30 Discuss Badge Work

Sherwood Patrol May Take Up  
Work On Cycling Badge; Troop  
Committee Meets Tonight

At Mt. Jackson high school, members of Girl Scouts troop No. 30 assembled Wednesday afternoon.

During the first period there was a discussion regarding badge work accomplished. Skiing and skating had been planned for this week, in order that the Sherwood patrol, the older girls, might secure credits on their winter sports badge and their first-class badge.

Owing to the moderation in the weather, the older girls may take up working on the cycling badge to secure necessary credits.

The Sherwood patrol went into "control corners" and planned to start activities toward earning credits on balloon dancing. This badge work will be taught by Mrs. Fred Jenkins, leader of Girl Scouts of troop 22.

For the remaining 15 minutes the Girl Scouts became the cheering section for the Mt. Jackson junior high basketball team in their game at the gymnasium.

The troop committee will meet

this evening at eight in the home of Mrs. Edward Bradley, chair-lady, of Mt. Jackson-Bessemer road.

### W. T. Jones And Wife Mark Anniversary

Wednesday afternoon a family dinner was served in the home of Mr. and Mrs. W. T. Jones of 611 Newell avenue. The occasion was in honor of the 47th wedding anniversary of Mr. and Mrs. Jones and the latter's birthday anniversary. Mrs. Maud Powell Thompson, this city, Mr. Jones' aunt, assisted the hostess in serving the dinner.

The table was beautifully decorated with flowers to suit the occasion, and a lovely birthday cake graced the table. Out-of-town guests were their son, Harold Jones, of Chewton, and daughter, Mrs. A. D. Knight, and son, David, of Lordstown, O.; also son Paul and daughter Kathryn, at home.

There were long distance greetings from the children and friends called to extend greetings during the day. They received some nice gifts and cards of greeting. The honored couple are in fairly good health.

### Mrs. James Crawford Talks On Missions

Members of the Young Women's Missionary society of Mt. Jackson church were entertained on Tuesday evening in the home of Mrs. Louis Juliana, Mt. Jackson road. Mrs. Samuel Craig led in the devotional exercises.

The evening topic, "Missions in India," was conducted by Mrs. James Crawford. Mrs. Richard Reed, Mrs. James Shaffer, Mrs. Dale Tindall and Mrs. Howard Kennedy joined in the discussion. A delicious lunch was served by the hostess and the co-hostess, Mrs. Forby Pitzer.

Date of the next meeting of the group will be Tuesday evening, March 16, in the home of Mrs. Rudolph Klamer, Mt. Jackson road.

### ADOLPH GORMLEY DIES IN ASHTABULA, OHIO

Perry Gormley of 412 North Liberty street has received word of the death of his brother, Adolph Gormley of Ashtabula, O., on Tuesday, following a short illness. He was a former resident of the ward.

W. A. G. S. TONIGHT

At the home of Mrs. W. E. Horner, 112 West Madison avenue, the W. A. G. club will meet this evening.

### MARGI CLUB TO MEET

This evening members of Margi Club will observe their 17th anniversary. Dinner will be served in a local tea room at seven o'clock. A theater party will follow the dinner.

### SEVENTH WARD PERSONALS

Mrs. Linda Blanton of 515 Newell avenue, who received treatment at Jameson Memorial hospital, has been returned to her home and is recovering nicely.

Mr. and Mrs. Charles Jones and daughter, Mary Lou, of Mt. Vernon, O., are visiting with Mr. and Mrs. John Long and family, of R. D. 7, Mahoningtown.

Mrs. Ralph Fangel of 207 West Madison avenue has received word from her sister, Mrs. Frank DeLuca, of Galesburg, Ill., saying that she is getting along slowly, now able to be on crutches. Mrs. DeLuca suffered a double fracture of her leg about three weeks ago.

John Russe of 1001 North Cedar street is improving nicely and able to be up and around. Almost two weeks ago he suffered a back injury when he slipped and fell on his back porch upon returning from work.

Mrs. Joseph E. Cearfoss of Youngstown, and daughter, Jane Ann, visited Wednesday with the former's parents, Mr. and Mrs. Frank Rehnert, of East Cherry street.

### WASHINGTON CALLING

(Continued from Page Four)

York, Chicago and here in the capital. Opponents of civilian control insisted, when the issue was debated, that a commission such as AEC could not maintain security.

At least one attempt has been made—apparently planted by interested persons—to show that security was lax. This backfired badly when it was established when the incident occurred under military control prior to AEC. The AEC has a satisfactory working relationship with J. Edgar Hoover and the FBI, which is directly responsible for checking on security—a huge undertaking.

Further Step  
The commission took a further step in persuading retired Justice Owen J. Roberts of the supreme court to head a five-man loyalty review board. This board differs from the one set up by President Truman for all government employees in that the five distinguished citizens comprising it will make their own rules. In conducting its review cases the board will see to it "that the national security is protected to the maximum extent, while at the same time affording protection from unfounded accusations to employees of the commission, to employees of the contractors and to those and to applicants for employment." This both security and the right of the

individual to fair play will be safeguarded. The commission is as proud of this achievement as it is of the material progress during the past year.

WHO GIVES HOUSEWARMING?  
Question: A says that upon moving into a new home, the occupants should invite all of their friends to a housewarming. B says that a housewarming is something your friends give you, just like a shower. He says that giving a housewarming is practically inviting your friends to come and bring you a gift. Who is right?

Answer: Customarily, the host and hostess give the housewarming after they are completely established in their new home. However, numerous people are of the same opinion as "B" and on hearing that the new occupants are ready for visitors arrange a housewarming for them. But in the latter situation, you must be very, very sure that the hostess is ready and willing to entertain. Personally I should prefer to wait an invitation from the hostess.

Question: Is it necessary to write a letter of acknowledgment to someone who has sent a sympathy card?

Answer: Technically speaking, cards do not require acknowledgment, but you might write a short note thanking the sender for her kind thought of you.

Question: Is it rude for a man to suggest to his partner that they sit down when he feels that he has danced sufficiently and the orchestra continues playing?

Answer: This suggestion should come from the woman and not her partner. It is always the privilege of the woman and not the man to complain of fatigue and suggest "sitting out" the rest of the dance. Her partner should continue until either she or the music stops, unless, of course, he is ill and cannot so do.

Question: At a wedding when I go down the aisle with the usher should I take his arm or merely walk beside him?

Answer: If he offers his arm, which he should, take it.

Present your problems to Miss Marrel who will promptly mail personal replies to questions from readers including stamped self-addressed envelopes.

### Jobs Upon A Time

Screen Actress Gloria DeHaven's parents were actors, and Gloria was born in Los Angeles. She studied at a little theater, sang with Bob Crosby and Jan Savitt's bands, and made her screen debut in "Susan and God." Benjamin J. Fairless, president of the United States Steel corporation, was born at Pigeon Run, O., where he worked in the mines when he was a boy. After college he taught school in Rockville and Navarre, O., went to work for a railroad and then with a steel company.

### GRANGE NEWS

Willard Grange will meet in the hall on Tuesday, February 24, with a program to be presented and in charge of the lecturer, Mrs. Neille Perschke.

Ruth Cramer will give a recitation to be followed by a violin solo by Gilbert Long. Mr. and Mrs. Francis Beak will talk on their trip to Florida. The discussion of the evening will center around the theme, "What Has Milk Control Done for the Farmer?" S. H. Hunt, Ray George, Dick Dean and Lawrence Ferec will participate in the discussion. A male quartet led by W. S. Weigle will sing.

The program will close with a reading by Paul Cameron, a tableaux on George Washington and a question box.

The ladies of China and other Eastern countries dye their hair the color of the petals of the lilac, which is in general use for that purpose.

### State Police Say:

Night-time accidents involving vehicles stopped or stalled on the highway are quite common in rural areas. In many cases the rear light was burned out, covered with dirt or obstructed from view by a motorist repairing a

tire. It is important for motorists to check rear lights of their cars periodically to keep them clean and unobstructed at night. During the hours of darkness motorists should make a special effort to park completely off the improved portion of the highway.

### Red Blood Cells Must Be Kept Up If You Want To Feel Alive

Thousands Now Regain Old  
Time Pep, Vigor and Drive By  
Releasing Vibrant Energy To  
Every Muscle, Fibre, Cell

Overwork, undue worry, and lack of certain foods often reduce the red-blood stream—and starve the weak, puny blood just hasn't the power to keep up your energy and drive.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have proven that 85% Tonic is amazingly effective in building up low blood counts and restoring normal nutritional anemia. This is due to the 85% Tonic formula which contains special active ingredients.

Also, 85% Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is down—organically too little or weak—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on 85% Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. 85% Tonic helps build sturdy health.

#### Forty Hours At St. Lucy's Church

Services Starting Friday Morning  
Will Have Solemn Closing  
Sunday Evening

There will be 40-hour devotions at St. Lucy's church on February 20, 21, 22, with the opening of the devotions to take place Friday morning at 9 o'clock, with the celebration of a solemn high mass. Rev. Fr. Ippolito will be celebrant. Rev. W. Karaveckas deacon and Rev. William Garofalo sub-deacon. Friday evening at 7:30 there will be the recitation of the rosary, a sermon in Italian and benediction.

On Saturday morning the exposition of the Blessed Sacrament followed by a high mass will take place at 8 o'clock. At 7:30 in the evening there will be devotions and a sermon in English.

Sunday morning the exposition of the Blessed Sacrament will take place at the 8 o'clock mass. The closing of 40-hour devotions will take place Sunday evening at 7:30. Rev. Fr. A. Inteso of St. Vitus church will deliver a sermon in English and Rev. Fr. V. Galliano of the Purification of B. V. M. church in Ellwood City will deliver a sermon in Italian.

Solemn closing services will be held, the following participating: the Holy Angels Sodality, St. Aloysius society, the Immaculate Conception Sodality, the Junior and senior members of the Holy Name society and the Catholic priests of Lawrence county. The church will be open all three days for public adoration of the exposed Blessed Sacrament. All church and altar decorations for the occasion will be done by the Sisters of St. John the Baptist and the ladies of the Altar society.

#### Girl Scouts No. 30 Discuss Badge Work

Sherwood Patrol May Take Up  
Work On Cycling Badge; Troop  
Committee Meets Tonight

At Mt. Jackson high school, members of Girl Scouts troop No. 30 assembled Wednesday afternoon.

During the first period there was a discussion regarding badge work accomplished. Skating and skiing had been planned for this week, in order that the Sherwood patrol, the older girls, might secure credits on their winter sports badge and their first-class badge. Owing to the moderation in the weather, the older girls may take up working on the cycling badge to secure necessary credits.

The Sherwood patrol went into "patrol camp" and planned to start activities toward earning credits on ballroom dancing. This badge work will be taught by Mrs. Fred Jenkins, leader of Girl Scouts of troop 22.

For the remaining 15 minutes the Girl Scouts became the cheering section for the Mt. Jackson junior high basketball team in their game at the gymnasium. The troop committee will meet

this evening at eight in the home of Mrs. Edward Bradley, chair-lady, of Mt. Jackson-Bessemer road.

#### W. T. Jones And Wife Mark Anniversary

Wednesday afternoon a family dinner was served in the home of Mr. and Mrs. W. T. Jones of 611 Newell avenue. The occasion was in honor of the 47th wedding anniversary of Mr. and Mrs. Jones and the latter's birthday anniversary. Mrs. Maud Powell Thompson, this city, Mr. Jones' aunt, assisted the hostess in serving the dinner.

The table was beautifully decorated with flowers to suit the occasion, and a lovely birthday cake graced the table. Out-of-town guests were their son, Harold Jones, of Chewton, and daughter, Mrs. A. D. Knight, and son, David, of Lordstown, O.; also son Paul and daughter Kathryn, at home.

There were long distance greetings from the children and friends called to extend greetings during the day. They received some nice gifts and cards of greeting. The honored couple are in fairly good health.

#### Mrs. James Crawford Talks On Missions

Members of the Young Women's Missionary society of Mt. Jackson U. P. church were entertained on Tuesday evening in the home of Mrs. Louis Juliana, Mt. Jackson road. Mrs. Samuel Craig led in the devotional exercises.

The evening topic, "Missions in India", was conducted by Mrs. James Crawford. Mrs. Richard Reed, Mrs. James Shaffer, Mrs. Dale Tindall and Mrs. Howard Kennedy joined in the discussion. A delicious lunch was served by the hostess and the co-hostess, Mrs. Forby Pitzer.

Date of the next meeting of the group will be Tuesday evening, March 16, in the home of Mrs. Rudolph Klamer, Mt. Jackson road.

#### ADOLPH GORMLEY DIES IN ASHTABULA, OHIO

Perry Gormley of 412 North Liberty street has received word of the death of his brother, Adolph Gormley of Ashtabula, O., on Tuesday, following a short illness. He was a former resident of the ward.

**W. A. G. S. TONIGHT**  
At the home of Mrs. W. E. Horner, 112 West Madison avenue, the W. A. G. club will meet this evening.

#### MAHGI CLUB TO MEET

This evening members of Mahgi Club will observe their 17th anniversary. Dinner will be served in a local tea room at seven o'clock. A theater party will follow the dinner.

#### SEVENTH WARD PERSONALS

Mrs. Linda Blanton of 515 Newell avenue, who received treatment at Jameson Memorial hospital, has been returned to her home and is recovering nicely.

Mr. and Mrs. Charles Jones and daughter, Mary Lou, of Mt. Vernon, O., are visiting with Mr. and Mrs. John Long and family, of R. D. 7, Mahoningtown.

Mrs. Ralph Frenzel of 207 West Madison avenue has received word from her sister, Mrs. Frank DeLuca, of Galesburg, Ill., saying that she is getting along slowly now able to be on crutches. Mrs. DeLuca suffered a double fracture of her leg about three weeks ago. John Russo of 1001 North Cedar street is improving nicely and able to be up and around. Almost two weeks ago he suffered a back injury when he slipped and fell on his back porch upon returning from work.

Mr. and Mrs. Joseph E. Cearloss of Youngstown, and daughter, Jane Ann, visited Wednesday with the former's parents, Mr. and Mrs. Frank Rheinhardt, of East Cherry street.

#### WASHINGTON CALLING

(Continued from Page Four)

York, Chicago and here in the capital. Opponents of civilian control insisted, when the issue was debated, that a commission such as AEC could not maintain security.

At least one attempt has been made—apparently planted by interested persons—to show that security was lax. This backfired badly when the incident occurred under military control prior to AEC. The AEC has a satisfactory working relationship with J. Edgar Hoover and the FBI, which is directly responsible for checking on security—a huge undertaking.

**Further Step**  
The commission took a further step in persuading retired Supreme Court Justice Owen J. Roberts of the supreme court to head a five-man loyalty board. This board differs from the one set up by President Truman for all government employees in that the five distinguished citizens comprising it will make their own rules. In conducting its review cases the board will see to it "that the national security is protected to the maximum extent, while at the same time affording protection from unfounded accusations to employees of the commission, to employees of its contractors and licensees, and to applicants for employment." Thus both security and the right of the

individual to fair play will be safeguarded. The commission is as proud of this achievement as it is of the material progress during the past year.

#### WHO GIVES HOUSEWARMING?

Question: A says that upon moving into a new home, the occupants should invite all of their friends to a housewarming. B says that a housewarming is something your friends give you, just like a shower. He says that giving a housewarming is practically inviting your friends to come and bring you a gift. Who is right?

Answer: Customarily, the host and hostess give the housewarming after they are completely established in their new home. However, numerous people are of the same opinion as "B" and on hearing that the new occupants are ready for visitors arrange a housewarming for them. But in the latter situation, you must be very, very sure that the hostess is ready and willing to entertain. Personally I should prefer to await an invitation from the hostess.

Question: Is it necessary to write a letter of acknowledgment to someone who has sent a sympathy card?

Answer: Technically speaking, cards do not require acknowledgment; but you might write a short note thanking the sender for her kind thought of you.

Question: Is it rude for a man to suggest to his partner that they sit down when he feels that he has danced sufficiently and the orchestra continues playing?

Answer: This suggestion should come from the woman and not her partner. It is always the privilege of the woman and not the man to complain of fatigue and suggest "sitting out" the rest of the dance. Her partner should continue until either she or the music stops, unless, of course, he is ill and cannot go on.

Question: At a wedding when I go down the aisle with the usher should I take his arm or merely walk beside him?

Answer: If he offers his arm, which he should, take it.

Present your problems to Miss Marrel who will promptly mail personal replies to questions from readers enclosing stamped self-addressed envelopes.

#### GRANGE NEWS

Willard Grange will meet in the hall on Tuesday, February 24, with a program to be presented and in charge of the lecturer, Mrs. Nellie Perschke.

Ruth Cramer will give a recitation to be followed by a violin solo by Gilbert Long. Mr. and Mrs. Francis Boak will talk on their trip to Florida. The discussion of the evening will center around the theme, "What Has Milk Control Done for the Farmer?" S. H. Hunt, Ray George, Dick Dean and Lawrence Fere will participate in the discussion. A male quartet led by W. S. Weigle will sing.

The program will close with a reading by Paul Cameron, a tableaux on George Washington and a question box.

The ladies of China and other Eastern countries dye their hair, the juice of the petals of the hibiscus being in general use for that purpose.

#### State Police Say:

Night-time accidents involving vehicles stopped or stalled on the highway are quite common in rural areas. In many cases the rear light was burned out, covered with dirt or obstructed from view by a motorist repairing a

tire. It is important for motorists to check rear lights of their cars periodically to keep them clean and unobstructed at night. During the hours of darkness motorists should make a special effort to park completely off the improved portion of the highway.

## On Lawrence Highways Birds Killed Past Year Report 1,069 Animals And

Motorists traveling the highways of Lawrence county during the past year of 1944 were responsible for the killing of 1,069 wild and domestic animals and birds. It is learned from reports just received from the office of District Engineer S. W. Jackson of the Department of Highways, Franklin, Pa.

The data received from Mr. Jackson is compiled from reports made by the highway department caretakers through the county superintendents to the district office. The figures given by the highway engineer are an actual count of dead animals and birds removed from the highways during the year. The report is of much value to the state game officials and conservationists as it indicates trends in the census of game predators. The report given, lists the various species of animals and birds killed in Lawrence county during the past year and for the adjacent county of Mercer. It lists the month by month wanton slaughter of the defenseless animals and birds.

**Many Rabbits Killed**  
More rabbits than the combined total of all animals killed were reported. The report revealed that 608 rabbits lost their lives on county highways during the year. Cars were responsible for killing 133 cats and 127 dogs during the same period. It is learned from the report.

Other birds and animals killed and their number are as follows: Groundhogs, 12; squirrels, 13; skunks, 36; raccoon, 5; deer, one; opossum, 94; muskrat, one; ring-neck pheasant, 24; miscellaneous animals and birds, one; chickens, 12; or a combined total of 1,069 animals or birds.

The figures as compared against those published for 1943 and 1944 for this county, show that motorists are evidently more careful as they drive as only 60 per cent of the number killed in 1946 were slaughtered in 1947, and only 56 per cent of the 1945 figure.

**In Other Counties**  
In the neighboring county of Mercer, 2,651 birds and wild animals were run down by cars and trucks. In the report which is compiled for Lawrence, Crawford, Erie, Forest, Mercer, Venango and Warren counties, the caretakers of the roads actually found 8,621 dead birds or animals on the highways in 1947. This is against 10,148 killed in these counties in 1946 or a drop of 1,525.

Caution exercised by motorists when wild animals and birds are crossing the highways should result in the figures for the county and the district being reduced greatly in 1948.

Of Services At Westminster  
This Week

NEW WILMINGTON, Feb. 19.—Fourth in a series of sermons by Dr. Harry Jager of Chicago, guest speaker for "Spiritual Emphasis Week" at Westminster college, will be delivered this evening in Wallace Memorial chapel. "Blood-Banks" will be the subject.

Special music for the service will be rendered by the Women's Glee club under the direction of Miss Ada Peabody. Ann Hepler of Youngwood will read the scripture while Benwick Jackson of Erie will lead in prayer.

Student ushers will be Hugh Robinson, Brooklyn; Donald Hartman, Chambersburg; George Sternberg, Westwood, N. J.; George Scott, Coraopolis; Gordon Miller, Mercer; and Robert Rounce, Niagara Falls.

Following the service, Dr. Jager will hold an informal discussion with men in college hall. Students who participated in the student assemblies Thursday morning and afternoon were William Bentley, Sharon; Robert Boone, Pittsburg; James Fudge, Elmira Heights, N. H.; Carolyn Holor, Pittsburg; Judy Wilkinson, Cleveland; and Mina Belle Packey, Pittsburgh.

Services will conclude Friday evening when Dr. Jager will have for his subject "Conditional Versus Unconditional Surrender."

## Pittsburgh Fugitive Nabbed In California

LOS ANGELES, Feb. 19.—(INS)—David S. Kelly, 63, Los Angeles real estate broker, was booked on a fugitive charge by police yesterday at the request of Pittsburgh, Pa., authorities who said he was wanted on seven charges of embezzlement dating back to 1934.

Kelly, who told officers he would willingly face his accusers, was released on \$5,000 bail.

Los Angeles police said District Attorney William A. Rahauser of Allegheny county, Pa., wired them to hold Kelly, asserting that a warrant has been issued for him. The bail writ is returnable on Feb. 26.

## Huge Cherry Pie Given To Duff

HARRISBURG, Feb. 19.—(INS)—Gov. James H. Duff today has a huge cherry pie, the gift of 12-year-old Helen Burgard of East Berlin, Pennsylvania's cherry pie baking champion.

She has the governor's best wishes and moral support to win the national championship in competition Friday at Chicago with girls from a dozen other states.

The contests are being sponsored by cherry producers, including the Pennsylvania State Cherry Growers' Association. State Agriculture Secretary Miles Horst will attend the Chicago event.

Are Continued**

**Chicago Pastor Speaking At Series Of Services At Westminster This Week**

**NEW WILMINGTON, Feb. 19.**—Fourth in a series of sermons by Dr. Harry Hager of Chicago, guest speaker for Spiritual Emphasis Week at Westminster college, will be delivered this evening in Wallace Memorial chapel. "Blood-Banks" will be the subject.

Special music for the service will be rendered by the Women's Glee club under the direction of Miss Ada Peabody. Ann Hepler of Youngwood will read the scripture while Renwick Jackson of Erie will lead in prayer.

Student ushers will be Hugh Robinson, Brooklyn; Donald Hartman, Chambersburg; George Sternberg, Westwood, N. J.; George Scott, Coraopolis; Gordon Miller, Mercer; and Robert Rounce, Niagara Falls.

Following the service, Dr. Hager will hold an informal discussion with men in college hall.

Students who participated in the student assemblies Thursday morning and afternoon were William Heasley, Sharon; Robert Boone, Pittsburgh; James Fudge, Elmira Heights, N. H.; Carolyn Holton, Pittsburgh; Judy Wilkinson, Cleveland; and Mina Belle Packer, Pittsburgh.

Services will conclude Friday evening when Dr. Hager will have for his subject "Conditional Versus Unconditional Surrender."

**Pittsburgh Fugitive  
Nabbed In California**

**LOS ANGELES, Feb. 19.**—(INS)—David S. Kelly, 63, Los Angeles real estate broker, was booked on a fugitive charge by police yesterday at the request of Pittsburgh, Pa., authorities who said he was wanted on seven charges of embezzlement dating back to 1934.

Kelly, who told officers he would willingly face his accusers, was released on \$5,000 bail.

Los Angeles police said District Attorney William A. Rahauser of Allegheny county, Pa., wired them to hold Kelly, asserting that a warrant has been issued for him.

The bail writ is returnable on Feb. 26.

**Huge Cherry Pie  
Given To Duff**

**HARRISBURG, Feb. 19.**—(INS)—Gov. James H. Duff today has a huge cherry pie, the gift of 18-year-old Helen Burgard, of East Berlin, Pennsylvania's cherry pie baking champion.

She has the governor's best wishes and moral support to win the national championship in competition Friday at Chicago with girls from a dozen other states.

The contests are being sponsored by cherry producers, including the Pennsylvania State Cherry Growers' Association. State Agriculture Secretary Miles Horst will attend the Chicago event.

**E. NEW CASTLE**

Tuesday night Bible study class was held at the home of Rev. and Mrs. George Fissel, February 16. The study was taken from Peter and will continue at the next meeting which will be held at the home of Miss Mae Pack. Mrs. Fissel served a delightful lunch at the close of the meeting, in honor of her husband's birthday.

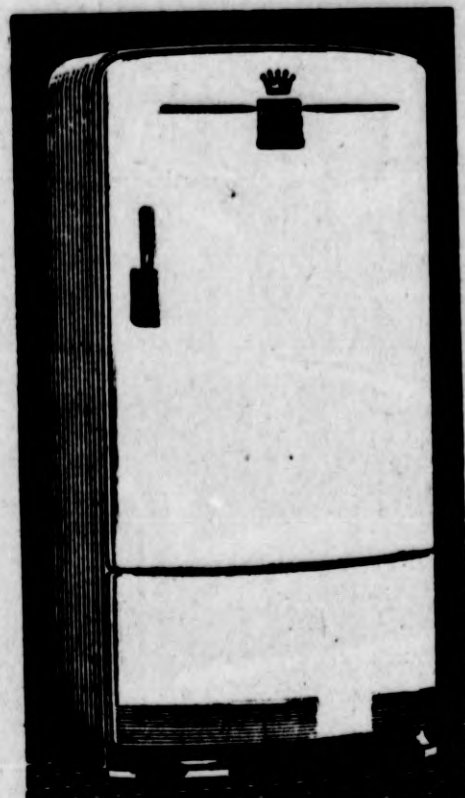

Elizabeth Nye, daughter of Mr. and Mrs. Thomas Nye of the Old Pittsburgh road, is completely recovered and is able to be back in school. Miss Nye was injured recently while sled riding.

Carol Kalajainen, daughter of Mr. and Mrs. Mat Kalajainen of the Old Princeton road was taken to Jamestown hospital for treatment.

John Dado, Savannah road, returned to his home Sunday from the New Castle hospital where he was confined with pneumonia. He is reported as doing very well.

Leroy Knight has been ill at his home for the past week. Mrs. Ralph Taylor and children, Judith Lee and Sharon, are spending several days in Ellwood with Mr. and Mrs. Charles McCartney.

## China Will Not Give Recognition To North Korea

NANKING, Feb. 18.—(INS)—A spokesman for the Chinese foreign office indicated at a new conference that China will not recognize the "democratic people's republic"

recently proclaimed in Russian-occupied North Korea.

The spokesman said that the Chinese government will take no cognizance of any government set up in Korea which is not established in accordance with the decisions of the United Nations assembly or procedure provided for in the Moscow agreement.

He added: "Nor can the Chinese government see how either of two occupation powers can set up a government in Korea by ignoring both

the Moscow agreement and the authority of the United Nations assembly."

## KIDNEYS MUST REMOVE EXCESS ACIDS

Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste

If you have excess acids in your blood, your 15 miles of kidney tubes may be overworked. Urinating often is a warning sign of excess acids and poisonous waste.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause aching backache, rheumatism, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Kidneys may need help the same as how to take your driving or your car. A stimulant diuretic, used successfully by millions for over 50 years, Doan's gives happy relief and will help flush out your kidneys. Then flush out poisonous waste from your blood. Get Doan's Pills.

## Many Matters Before Board

### School Board Takes Care Of Numerous Proposals At Meeting Last Night

Authority was given Secretary John B. Bechtol of the school board Wednesday night to purchase 50 new Royal typewriters from F. W. Webster, at his bid of \$60.75 each. In addition the board authorized Mr. Bechtol to sell 50 old typewriters at as good a price as he could obtain.

The Sporting Goods company was awarded the contract for the purchase of 34 jackets with letters, to be presented to athletes of the Senior high school entitled to them. The jackets will cost \$13.25 each with \$1.60 additional for a six inch letter for each. While 33 jackets are needed, the board authorized 34. The extra one will be kept as a sample for use in future years, the board deciding to standardize the jacket given athletes.

Authority was granted to advertise for three boilers for the Mahoning school, and what equipment must go with them. The boilers have been in bad shape for several years and are now considered to be operating upon borrowed time.

**Public Address System**  
Advertisements will be published for the installation of a public address system in the Senior high school. The cost is expected to be in the neighborhood of \$5,000 but the money will come from the high school's fund which has been built by students over the years.

Arwood Eckles, an engineer will be secured to supervise the installation of the night lighting system at Taggart stadium, contract for which was let some time ago.

The Eckles-Thayer architects notified the board they now had

state approval of the plans for the proposed addition to the Senior high school, with the exception of the Department of Public Instruction. This is expected to be granted soon.

The Seventh Ward Civic club sent a letter to the board asking that the following improvements be made to the Mahoning school as soon as time and finances permit. New boilers (these are already authorized, addition to school which will contain a gym and two additional rooms, a stoker on the boilers, a playground made out of the Newell avenue property.

Secretary John B. Bechtol was authorized to reply to the letter and to say that the boilers have already been authorized. The other improvements will come when the board is in shape to make them.

**Damage Claim**  
A claim for damages was made by Mrs. J. T. Devine who claims she fell and was injured upon coming out of the Benjamin Franklin Junior high school recently. Solicitor Robert L. Wallace advised the board it was not liable for such damages, nor could the school district be sued.

A letter was received from Mayor John F. Haven, honorary chairman of the proposed Sesqui-Centennial celebration here. Mayor Haven asked for the use of the Taggart Stadium the week of July 4 for the proposed pageant. The board expressed its willingness to co-operate but said the installation of the lighting system might interfere. An effort will be made to work out a solution of the problem. In the future, the appointment of a student with a dentist will be a valid excuse for absence. Dr. A. L. Hoffmaster said he understood that some of the school officials were loathe to accept such a reason for absence. He explained that dentists could not always provide appointment time after school hours and asked that the principals be notified that such a reason be made valid. The secretary of the Dental Society will likewise be notified.

The controversy between the school board and Mr. and Mrs. De Grim Renfrew over the possible condemnation of the property at the top of East street was finally settled. By written agreement, the board declares it will not do anything towards using the property for school purposes until after June 1, 1950, if the Renfrews agree not to sell or make improvements other than needed repairs, up to the same date.

**DOMESTIC SCIENCE CLUB**  
On Friday evening the Domestic Science club entertained their husbands in the home of Mr. and Mrs. Frank Cover Jr. with Mr. and Mrs. Lyle Richards assisting. During the evening Mr. Richards showed several reels of pictures. Interesting games were also enjoyed, the most novel one being a contest to see who could guess correctly the greatest number of objects contained in one egg shell. When the shell was opened it was found to contain 45 small objects. Delicious refreshments were served in keeping with Valentine Day.

**JUNIOR CLASS**  
The Junior boys and girls Sunday school classes met at the home of Mrs. George Dieter on Saturday for an evening of games and fun. Mrs. Dieter was pleasantly surprised with a shower of valentines from the young people. A good time was reported. Refreshments were served by the hostess.

**U. P. CLASS**  
Mr. and Mrs. Howard Spencer entertained the Young Adult class from the U. P. church in their home on Saturday evening. The group participated in several games under the direction of Mrs. Spencer. Delicious refreshments were served. The evening was brought to an appropriate close by a short devotional service.

**ZEDAKER-HOLMES WEDDING**  
Of interest to his many friends here was the wedding of David J. Zedaker of Hagerstown, Md., son of Mr. and Mrs. Leonard Zedaker of Clayville, Pa., and Miss Nancy Merle Holmes of Pittsburgh. The ceremony was solemnized at 2:30 p. m. on Saturday, February 14, in the Crafton Heights U. P. church. Mr. Zedaker is a radio announcer at Hagerstown.

Those attending from here were Mrs. Anna Zedaker, Mrs. Lee Zedaker Sr., Mrs. Robert Zedaker, Dahl Zedaker and Lee Zedaker Jr. and Mrs. Agnes Zedaker of Hubbard.

**SHOWER FOR NEWLYWEDS**  
Mr. and Mrs. Jack Williams entertained the Beck family on Saturday evening in honor of Mr. and Mrs. Alfred Pasquerella, a bride and groom of January 31. During the evening the honored couple was presented with a shower of miscellaneous gifts. Out-of-town guests were Mr. and Mrs. George Higgins of Hubbard, O., and Mrs. Venasco of New Castle.

**FATHER AND SONS BANQUET**  
One of the highlights of the year was the Brotherhood Father and Sons banquet that was held in the Hopewell church dining room on Monday evening with 80 men and boys attending. After a family style dinner served partly by candlelight due to the power failure, the men went to the auditorium where they heard an inspiring address by Harold Burry, an athletic director of Westminster college.

**NEW BEDFORD NOTES**  
Clair Brown, Henry and Allen Chilli, and George Dieter attended the hockey game in Cleveland on Saturday.

Mr. and Mrs. Wilson Carlisle were Sunday dinner guests of Mr. and Mrs. Robert Simpson of Sharon.

Mr. and Mrs. George Dieter called on Mr. and Mrs. Clarence Hipple of Warren on Sunday afternoon.

Mr. and Mrs. Floyd and family were Sunday supper guests of Mr. and Mrs. George Foreman of Masury.

Miss Cathie Dever was admitted to the North Side hospital on Monday. She is receiving treatment for an ear infection.

# How A&P Gives You Lower Food Prices

During the past week you have noticed lower prices on many important food items in your A&P Stores.

These prices are a direct reflection of the reductions in the market cost of the food to us.

Many of our customers are amazed to find price reductions going into effect so quickly at the retail level. They wonder how we do it.

There is no mystery about it. We are able to reflect these market reductions promptly because of three basic policies:

**First**—We endeavor to buy our food from primary sources of supply, such as farmers, meat packers and grocery manufacturers, and move it directly to our stores and warehouses. This keeps down the cost of distribution to us and the price to you at all times.

**Second**—When the cost of food to us goes down, we do not wait until we have exhausted supplies on hand, but endeavor to reflect reductions in our retail prices promptly.

**Third**—We are food merchants, not food speculators. We do not build up great reserves of food at any time. We are in the market day to day buying food to meet our customers' day to day needs.

The lower prices you are finding in A&P Stores, coming as they do at a time when all of us are concerned with the high cost of living, have prompted many of our customers to ask us

what the food price outlook is. Are there going to be further price reductions in these and other foods?

Frankly, it is impossible for anyone to predict future retail food prices without knowing whether the current break in the commodity market is temporary or the beginning of a general trend.

Grocers do not control the price they must pay for food. They can lower retail prices only to the extent to which they buy wisely, keep their own costs and profits down, and pass along savings resulting from lower wholesale prices to their customers.

We base our retail price on the cost to us plus our low cost of doing business including our small profit of about 1½ cents on each dollar of sales.

Therefore, we can say A&P prices will follow the market trend, and that any further reduction in the cost of food to us, or in our costs of doing business, will promptly result in lower prices in our stores.

You can count on A&P to give you lower prices whenever and wherever it is possible. You can trust A&P to give you the most quality food for your money.

## Convict Three In Criminal Assault Of Young Woman

Attorneys For Trio In Delaware Will File For New Trials, Sentences Deferred

WILMINGTON, Del., Feb. 19.—(INS)—Attorneys for three Wilmington youths today prepared motions for a new trial on the trio's conviction of criminal attack, which carries a sentence of death by hanging or life imprisonment in Delaware.

A jury of ten men and two women found the young men guilty of attacking 23-year-old Jean Igle in a lonely park, but recommended mercy. The three judge court, however, does not have to abide by the jury's suggestion of leniency, which would substitute life imprisonment for a death sentence.

**Sentence Deferred**  
Chief Justice Charles S. Richards deferred sentence and granted the youths until March 1 to file motions for a new trial.

Miss Igle, an employee of a powder company, had testified that she met Francis J. Curran, 20, a former schoolmate, near the entrance to the park and had walked along with him.

She charged that he attacked her and that she was then criminally assaulted by Francis P. McGuire, 24, and Ira F. Jones, 22, whom she said had followed her and Curran.

The youth had denied the charges.

### JANUARY MILK OUTPUT HIGH

HARRISBURG Feb. 19.—(INS)—Pennsylvania milk production during January totaled 404,000,000 pounds, it was reported today by the state agriculture department. The month's production was 2,000,000 pounds higher than the previous January and 16,000,000 pounds higher than December, 1947, the department said.

Feed costs continued to mount during the month, reaching a record of \$102 a ton for mixed dairy feeds, while wholesale milk prices showed a slight decline, according to the department.

The neck, wings, and other bony pieces of fowl are especially good for soup-making.

## Convict Three In Criminal Assault Of Young Woman

Attorneys For Trio In Delaware Will File For New Trials, Sentences Deferred

WILMINGTON, Del., Feb. 19.—(AP)—Attorneys for three Wilmington youths today prepared motions for a new trial on the conviction of criminal assault, which carried a sentence of death by hanging or life imprisonment in Delaware.

A jury of ten men and two women found the young men guilty of attacking 24-year-old Jean Lyle in a lonely park, but recommended mercy. The three judge jury, however, does not have to abide by the jury's suggestion of leniency, which would substitute life imprisonment for a death sentence.

Sentence Deferred  
 Chief Justice Charles S. Richards deferred sentence and granted the youths until March 1 to file motions for a new trial.

Miss Lyle, an employee of a powder company, had testified that she met Francis J. Curran, 20, a former schoolmate, near the entrance to the park and had walked along with him.

She charged that he attacked her and that she was then criminally assaulted by Francis P. McGuire, 24, and Ira F. Jones, 22, whom she said had followed her and Curran.

The youths had denied the charges.

### JANUARY MILK OUTPUT HIGH

HARRISBURG, Feb. 19.—(AP)—Pennsylvania milk production during January totaled 484,000,000 pounds, it was reported today by the state agriculture department.

The month's production was 2,000,000 pounds higher than the previous January and 16,000,000 pounds higher than December, 1947, the department said.

Feed costs continued to mount during the month, reaching a record of \$102 a ton for mixed dairy feeds, while wholesale milk prices showed a slight decline, according to the department.

The neck, wings, and other bony pieces of fowl are especially good for soup-making.

### LEESBURG

#### MEETING HELD

Mrs. Monas Collins, and Mrs. Charles Kuhlber entertained members of the Doreas society at the church, Wednesday. The hostesses were assisted by Mrs. Clarence Collins in serving a delicious luncheon dinner at noon.

### More Than Half Traffic Victims Were Pedestrians

Seven Hundred And Seven Pedestrians Killed In State During 1947

HARRISBURG, Feb. 19.—(INS).—The state highway safety bureau reported today that more than half of 1552 persons killed in traffic accidents during 1947 were pedestrians.

An 8.7 decrease in both total fatalities and the pedestrian toll was noted. The reduction amounted to a saving of 148 lives including 67 pedestrians over the 1946 toll, according to the bureau. The heaviest reduction in accidents occurred in rural areas which recorded 160 or 10.7 per cent fewer highway deaths compared with 42 or 5.9 per cent in urban fatalities. "There were more than two and a half times as many lives saved in rural areas as in urban areas," the bureau reported.

The 1947 fatalities embraced 707 pedestrians, 419 operators, 395 passengers, 19 bicycle riders and 12 sled riders, the bureau said. Decreases were recorded for motor vehicle collisions, and multi-fatality accidents.

The bureau reported 22 counties experienced an increase in motor deaths during the year while 38 enjoyed a decrease. Bucks county with 42 deaths, an increase of 11, led those with higher tolls, while Allegheny headed the list of counties enjoying reduced fatalities with a total of 162 deaths, a drop of 16 from 1946.

**DISCOVER ARSENAL.** TOKYO, Feb. 19.—(INS).—Police discovery of a mysterious well-equipped arsenal in a Japanese medical school warehouse was reported today by the Tokyo newspaper Asahi.

The newspaper said the arsenal contained seven machine guns, 154 rifles, 140 bayonets and 30 hand grenades. It was discovered in the preparatory department of the Japan Medical university at Kawasaki City, between Tokyo and Yokohama.

**TO BUILD OBSERVATORY.** TOKYO, Feb. 19.—(INS).—It was reported in Tokyo today that the largest seismological observatory in the far east will be constructed at Matsushiro in the prefecture of Nagano. The observatory will utilize the underground headquarters that the Japanese army built to house 1,500 persons.

## More Than Half Traffic Victims Were Pedestrians

Seven Hundred And Seven Pedestrians Killed In State During 1947

HARRISBURG, Feb. 19.—(INS)—The state highway safety bureau reported today that more than half of 1552 persons killed in traffic accidents during 1947 were pedestrians.

An 8.7 decrease in both total fatalities and the pedestrian toll was noted. The reduction amounted to a saving of 148 lives including 67 pedestrians over the 1946 toll, according to the bureau. The heaviest reduction in accidents occurred in rural areas which recorded 160 or 10.7 per cent fewer highway deaths compared with 42 or 5.9 per cent in urban fatalities.

"There were more than two and a half times as many lives saved in rural areas as in urban areas," the bureau reported.

The 1947 fatalities embraced 707 pedestrians, 419 operators, 395 passengers, 19 bicycle riders and 12 sled riders, the bureau said.

Decreases were recorded for motor vehicle collisions and multi-fatal accidents.

The bureau reported 22 counties experienced an increase in motor deaths during the year while 38 enjoyed a decrease.

Bucks county with 42 deaths, an increase of 11, led those with higher tolls, while Allegheny headed the list of counties enjoying reduced fatalities with a total of 162 deaths, a drop of 10 from 1946.

DISCOVER ARSENAL

TOKYO, Feb. 19.—(INS)—Police discovery of a mysterious well-equipped arsenal in a Japanese medical school warehouse was reported today by the Tokyo newspaper Asahi.

The newspaper said the arsenal contained seven machine guns, 154 rifles, 140 bayonets and 30 hand grenades.

It was discovered in the preparatory department of the Japan Medical University at Kawasaki City, between Tokyo and Yokohama.

TO BUILD OBSERVATORY

TOKYO, Feb. 19.—(INS)—It was reported in Tokyo today that the largest seismological observatory in the far east will be constructed at Matsuyama in the prefecture of Ehime.

The observatory will utilize the underground headquarters that the Japanese army built to house 1,500 persons.

## Complete Social Security Reports Are Money-Savers

Tax Reports Should Include Account Number of Employee, Office Says

"Employers could save themselves a substantial amount of time and money if they would make sure that their Social Security tax reports included the account number of every employee for whom they report wages," it was announced today by Myron Milbourn, the manager of the New Castle field office.

"The Social Security Administration is charged with the responsibility of correctly keeping every wage earner's account," Mr. Milbourn observed. "Missing account numbers on Social Security tax reports mean that we must go back to the employer to attempt to get the number. You can see what this means. If employers would make certain to get the number from the employee as soon as he reports to work and copy it into his records exactly as it is typed on the card, both the government and the employer would save money," he concluded.

The New Castle office which serves Lawrence, Butler, and Mercer counties is located at 306 Neshannock avenue and will be glad to give any interested employer the benefit of its experience in obtaining account numbers.

## Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take chances with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. ## Jap Correspondent Makes Observation

TOKYO, Feb. 19.—(INS)—The Japanese people were told today in an article written by Bob Horiguchi for the Nippon Times that Americans have dropped their hatred of individual Japanese but that they have not forgotten Pearl Harbor.

Horiguchi, a Domei correspondent in Europe, recently passed through the United States after being repatriated. He said that Japanese repatriates from Europe found unexpected tolerance and freedom during their stay of two weeks in the United States. He added:

"This does not mean that the bars of racial discrimination have been let down, but they are being lowered."

## Thirty-Nine Japs, Awaiting Trial For Killing Of Airmen

YOKOHAMA, Feb. 19.—Thirty-nine Japanese, including two women nurses, were awaiting trial today on charges of killing forty-one American airmen captured on Kyushu Island during the wartime months between May and August 1945.

Some of the defendants are accused of having practiced cannibalism after torturing, illegally

executing and vivisectioning their American victims.

One of the Japanese nurses, Fuko Ko Shikawa Ogawa, is among eleven defendants charged with eating the liver of a dead flyer at a banquet honoring the return of a Japanese doctor from Manchuria.

The second woman is chief nurse Shizuko Tsutsui of the Kyushu medical school. She is accused of having aided in the vivisection of captured airmen.

The Twin Falls-Jerome bridge in Idaho, which claims to be the highest on any federal highway in the United States, is 476 feet above Snake river.

## Soil Conservation 'Must' For America

DENVER, Feb. 19.—(INS)—Louis Bromfield, author and farmer of Mansfield, O., says soil conservation is a "must," if the United States is to remain a great power.

Bromfield told delegates to a Denver meeting of the Colorado Association of Soil Conservation Districts that this country has to retain a sound agricultural base to remain a leading nation. He asserted that "no nation ever existed for any length of time that did not have an economy built upon agriculture."

## British Doctors Reject Health Bill

LONDON, Feb. 19.—(INS)—The British Medical Association announced today that it will issue a statement showing that British doctors have overwhelmingly rejected participation in the labor government's national health service bill in its present form.

The next move will be left up to Health Minister Aneurin Bevan who already has announced he will make no compromise to meet the principal objection of doctors that the bill makes them tantamount to civil servants.

Tax Reports Should Include Account Number Of Employee, Office Says

"Employers could save themselves a substantial amount of time and money if they would make sure that their Social Security tax reports included the account number of every employee for whom they report wages," it was announced today by Myron Milbauer, the manager of the New Castle field office.

"The Social Security Administration is charged with the responsibility of correctly keeping every wage earner's account," Mr. Milbauer observed. "Missing account numbers on Social Security tax reports mean that we must go back to the employer to attempt to get the number. You can see what this means. If employers would make certain to get the number from the employee as soon as he reports to work and copy it into his records exactly as it is typed on the card, both the government and the employer would save money," he concluded.

The New Castle office, which serves Lawrence, Butler, and Mercer counties is located at 306 Ne-shannock avenue and will be glad to give any interested employer the benefit of its experience in obtaining account numbers.

## Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ-laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion brings back wood-crocodile by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. ## Jap Correspondent Makes Observation

TOKYO, Feb. 19.—(INS)—The Japanese people were told today in an article written by Bob Horiguchi for the Nippon Times that Americans have dropped their hatred of individual Japanese but that they have not forgotten Pearl Harbor.

Horiguchi, a Domei correspondent in Europe, recently passed through the United States after being repatriated. He said that Japanese repatriates from Europe found unexpected tolerance and freedom during their stay of two weeks in the United States. He added:

"This does not mean that the bars of racial discrimination have been let down, but they are being lowered."

## Thirty-Nine Japs, Awaiting Trial For Killing Of Airmen

YOKOHAMA, Feb. 19.—Thirty-nine Japanese, including two women nurses, were awaiting trial today on charges of killing forty-one American airmen captured on Kyushu Island during the wartime months between May and August 1945.

Some of the defendants are accused of having practiced cannibalism after torturing, illegally executing and vivisectioning their American victims.

One of the Japanese nurses, Enko Ko Shikawa Ogawa, is among eleven defendants charged with eating the liver of a dead flyer at a banquet honoring the return of a Japanese doctor from Manchuria.

The second woman is chief nurse Shizuko Tsutsui of the Kyushu medical school. She is accused of having aided in the vivisection of captured airmen.

## Soil Conservation 'Must' For America

DENVER, Feb. 19.—(INS)—Louis Bromfield, author and farmer of Mansfield, O., says soil conservation is a "must" if the United States is to remain a great power.

Bromfield told delegates to a Denver meeting of the Colorado Association of Soil Conservation Districts that this country has to remain a sound agricultural base to remain a leading nation.

He asserted that "no nation ever existed for any length of time that did not have an economy built upon agriculture."

## British Doctors Reject Health Bill

LONDON, Feb. 19.—(INS)—The British Medical Association announced today that it will issue a statement showing that British doctors have overwhelmingly rejected participation in the labor government's national health service bill in its present form.

The next move will be left up to Health Minister Aneurin Bevan who already has announced he will make no compromise to meet the principal objection of doctors that the bill makes them tantamount to civil servants.

### School Cafeteria

#### Prices Will Rise

Prices in the cafeterias of the junior and senior high schools will be increased, but not because the school board wants to join inflationary trend. Prices of foodstuffs have been rising constantly in the past year and the loss in profits has been greater.

Under the school law the board cannot apply general revenues for the operation of a school cafeteria. The cafeterias must be self-sustaining. For several years the cafeterias showed a small profit. This was accumulated but the past year has shown a net loss every month.

After several months' consideration the board on Wednesday night reluctantly agreed to make the following increases: All sandwiches, from 10 to 12 cents, servings of meat and fish 10 to 12 cents, soup and salad 7 to 8 cents, puddings and fruit 7 to 8 cents, one-half pint chocolate milk 7 to 8 cents, one-half pint plain milk 5 to 6 cents. All other foods remain at the previous prices.

Between 1940 and 1945, approximately 2.1 million permanent dwelling units were built in the United States.

### IN THE OPEN

The morning sun left no doubt that February had passed the midway mark. Its warming brilliance made short work of the pre-dawn haze, and bathed the countryside in that luminous glow which spells the end of the gray days of deepest winter. From now on the frost king will fight rear guard actions as the vernal legions of the advancing year press their relentless attack.

From somewhere out there in the valley came the faint strains of old familiar music. I stepped out onto the back porch to make sure of the melody and heard the first song of the year chanting his hymn of praise. This little fencerow songster is my favorite of all the wayside musicians. He keeps his harp tuned until late in the fall, and is the first to pour out his heart as the sun swings north.

A warm spell in January will often thaw out the songsparrow's music, and I have heard him sing, on occasion, in December. This year he's much later than usual, probably disgusted with the long siege of zero mornings which have been plaguing the valley.

Rather Trying Time  
 Mid-February is a rather trying time for the countryman. It is a sort of waiting period, between the passing of the winter scene and the arrival of the first migrants to inaugurate the surging return of another green year. The hiking boots spend an idle week-end as the the outdoorsman loafs away the

sunlit hours, happy among his seed catalogs and his fishing tackle.

The yearly bout with the seed catalogs is an important event in the countryman's life. As each new folder comes to hand, with its glowing language and seductive pictures, the gardening urge grows stronger and stronger. Finally the strain becomes too great, and during the barren days of mid-February, when woodland hikes are unproductive, great decisions are made and the seed order dispatched.

Made Quick Survey  
 I made a quick survey inside our home fences one recent afternoon to check on winter damage and lay some plans for the garden plots. The sun had drawn out the surface frost and the walking in the half-inch layer of mud was miserable. By sticking to the lawn areas I was able to get around without mishap. Several roses have been heaved out of position by the frost, and I noted one young apple tree badly girdled by rabbits.

The creek was still roaring along at a good clip in the valley bottom, but was well within its banks, and not at all the turbulent tide which strained at its limits shortly after the recent thaw. Great chunks of ice and a wondrous miscellany of odds and ends came riding by on the swollen torrent. The wide shallow curve below the house, where I usually wade across to the far hillside, became a deep surging rapids which roared ominously all through the night. As though to put a halt to the

thaw runoff, a gale blew up during the night the creek neared flood stage. Workmen had spent the day felling some blighted locusts by the roadside and had left a huge bonfire sinking into a great pile of smoldering embers not too far from our garage.

The tumult created by the gale awakened me in the small hours of the morning and I was unpleasantly surprised to see great streamers of fiery sparks flying in all direc-

tions as the full force of the blasts struck that glowing bed of embers. After a half-awake search for proper clothes and heavy boots, I finally sallied forth to cope with this dangerous situation. As the wind veered into safe quarters I shoveled great heaps of flaming embers into the gale, which scattered the fire safely across the countryside.

Up To 40 Degrees  
 As the songsparrow greeted the morning sun the thermometer

stood at 24 degrees. By mid-afternoon the mercury had reached the 40 mark and the dead grass in the side yards became nearly dry enough for the match. There was one other bit of evidence to cheer the countryman as he pulls and hauls the stubborn year toward another spring. Above the upland fields of the neighboring farm soared a stub-tailed hawk, probably the red-shoulder. Higher and higher into the heavens rode this fellow, taking advantage of the

thermal up-drafts as though it were mid-August.

## Legion Auxiliary Hears Address By Mrs. William Cosel

The United Nations' Program Topic For Annual Defense Program In Y.W.C.A.

American Legion auxiliary of the Perry S. Gaston Post No. 343 held its annual defense dinner program on the evening of February 16 in the green room of the Y. W. C. A. when to open the meeting the group was led in singing one verse of "America" with Mrs. Carl Wallace as accompanist and the pledge of allegiance to the flag given. Eighty members and guests sat down at beautifully decorated tables. Rev. William McCune gave the invocation.

**Speaker Of Evening**  
Speaker of the evening, Mrs. William Cosel, had as her subject, "The United Nations", which she stated, is one of the major forces in the national defense program of this country for its success or failure will mean one world or none. She urged a deeper appreciation of the blessings of democracy and richer understanding of those things necessary to preserve, strengthen, and further the democratic way of life.

Individuals in a democratic state should study their heritage, know their culture and understand the privileges and responsibilities that a democratic way of life bestows on them.

It is only this deeper appreciation and richer understanding that can stir the dynamic will, zeal, and readiness to sacrifice that must precede the coming victory of democracy, she pointed out. Of the United Nations, the speaker said that the primary reason for its creation was to keep the peace and secondly, to raise the world's standard of living. She

called the general assembly "the big town meeting of the world", where speeches may be heard in five different languages and urged her hearers to visit this historic body.

The need for a world police force provided for in the UN charter she cited as urgent to carry out commitments when peaceful settlement fails. She closed by saying that prayer as a means of uniting men in the ways of peace and translating religious ideals into daily living are tools which can help create a better world for all people.

**Guests Introduced**  
After partaking of a bountiful dinner, the assemblage was greeted by Mrs. Emma Probst, general chairman, who then introduced Orville Potter, toastmaster of the evening.

**Entertainment Features**  
Two readings were given by Carol Young, "Betty at the Baseball Game" and "The Insurance Policy".

Miss Margaretta Hess sang a group of three lovely vocal selections, "The Nation's Prayer", "My Hero" and "The Pledge to the Flag". Miss Ruth Weir acted as accompanist.

Guests from the American

Legion auxiliary department of Pennsylvania were: Mrs. Robert Horner, chaplain; Mrs. Dan T. Brown, western director; Mrs. Collin Donaldson, junior chairman; Mrs. Adolph Matuscak, four-county council president; Mrs. Marie Brosie, national defense sub-chairman; Mrs. Walter Simpson, past council president; Mrs. J. Emery Hahn, sub coupon chairman.

Six gold star mothers present were Mrs. Esther Martin, Mrs. Ethel Murphy, Mrs. William McCune, Mrs. Nellie Farrell, Mrs. Edith Kline, and Mrs. Mary Marcell.

Greetings were brought from the Service Star Legion by Mrs. Ida Suber and Mrs. William Murphy, from V. F. W. McBride auxiliary by Mrs. Evelyn Jones, and from V. F. W. Neshannock auxiliary by Mrs. Isabel McKee.

Nine past presidents of the hostess auxiliary were present, Miss Lillian Hartman, Mrs. Elizabeth Miller, Mrs. Ida Suber, Mrs. Orville Potter, Mrs. Albert Wilkins, Mrs. James Cooper, Mrs. Frank Connor, Mrs. Wade Daugherty, and Mrs. James Speed.

Committees for the dinner were: Dining room, Mrs. Wade Daugherty, Mrs. Floyd Perrine, Mrs. Orville Potter, Miss Lillian Hartman, Mrs. Frank Cooper, and Mrs. Worrell Jones; kitchen, Mrs. Gertrude Speed, Mrs. Elizabeth Miller, and Mrs. Ethel Shaffer.

## Boscul is Richer Coffee!

A Leg of Lamb shows why!

Now 'custom-roasting' makes new, richer Boscul the finest coffee you've ever tasted

Any good cook knows that a large leg of lamb must be roasted longer than a small one. This everyday fact is the key to a new roasting process that gives new, richer Boscul Coffee its finer flavor.

1. Because all coffee beans are not the same size...

Coffee is blended from beans of various sizes. Yet all other leading brands roast large and small beans together... at the same time and temperature. Result: small beans over-roasted, large beans underdone.

2. Boscul 'custom-roasts' each size bean separately!

Of all leading coffees, only Boscul roasts each size of bean separately, before blending. Only Boscul takes this extra step to "custom-roast" the fine coffees in its blend to achieve maximum flavor and richness.

3. Boscul is 'roast-controlled' by the electric eye!

As a further flavor safeguard, Boscul uses the Electric Eye to eliminate guesswork and assure that each size bean is roasted to the peak of flavor every time. Try "custom-roasted" Boscul Coffee today!

## Bill For \$217.99 Bus Damage Sent To Board

### School Board Takes No Action But Refers Matter To State Police

By unanimous action of the New Castle school board Wednesday night, the "Affair Aliquippa" has been turned over to the state police for action. The board is asking the state police to apprehend the persons involved in the hoodlunism after the New Castle-Aliquippa basketball game and to take whatever action is necessary.

The matter came before the board when a bill was presented by the Aliquippa bus company for \$217.99 damages alleged done to the bus. The bus had windows and windshield smashed, one tire destroyed, license plates stolen and generally rendered unfit for service. It was necessary to bring another bus from Aliquippa to return the team.

**Hoodlunism Condemned**

The board was unanimous in its condemnation of the hoodlunism. Director A. C. Hyde said damage was done not only to the bus but to private automobiles at the game. He said all four hub caps were stolen from his automobile.

Director Wilbur E. Flannery asked if there was not some punishment that could be meted out on blot to students who were engaged in the brawl, if they were students.

One director said the name of the man who took the license plates was known and that this man kept the plates in his room as a souvenir of the occasion, for a time.

After some discussion it was decided to refer the entire matter to the state police.

In the meantime the board refuses to honor the bill of the bus company, upon the grounds that it is not liable for the damage. The board members feel that the persons who will be arrested in the affair should be made to pay.

## Society Clubs

**B.B. Club Meets**

Miss Sally Akstulewicz, of 1710 Moravia street, received the B.B. club, Tuesday evening in her home, for their regular session.

The evening was spent informally, and attending as special guest was Madeline Gorgacz.

A delicious lunch was served later by the hostess, with valentine motifs predominating. Her sister Jane Akstulewicz assisted in serving.

The next meeting will be held on March 2, with Mrs. Jane Akstulewicz, 137 Oakland avenue.

**Lazy Daisy Club**

Lazy Daisy club received Wednesday afternoon in the home of Mrs. Karl Landfried, Meyer avenue.

Mrs. Clifford Brydon aided the hostess in serving a tempting dessert. Needlework was a pastime of the afternoon. During the business session, conducted by Mrs. Lloyd Gill, newly-elected president, plans were made for future activities of the group.

Mrs. Arthur Armstrong, Butler avenue, will entertain at her home Wednesday afternoon, March 17.

**Friday**

Spoon Club, Miss Mary Pearson, The Castleton.

Poetry Group workshop, Mrs. Josephine Alexander, 807 Whippo street.

Butler Girls, Maude Christley, 807 Young street.

Lucky 13, Mrs. Claire Kerr, Monroe street.

East Brook Home Economics, Mrs. John Robinson, East Brook.

Heureux Neuf, Mrs. Leonard Oberleitner, 504 Countyline street.

## Shenango Firemen Fight Brush Fire

Shenango Township Volunteer Fire Department was called to the scene of a brush fire on the Frew Mill road early Wednesday evening. Both Castlewood and East New Castle trucks responded.

The fire which was on the farm of Dr. Meckling, a Pittsburgh doctor, did not burn any buildings.

## Bill For \$217.99 Bus Damage Sent To Board

**School Board Takes No Action But Refers Matter To State Police**

By unanimous action of the New Castle school board Wednesday night, the "Affair Alliquippa" has been turned over to the state police for action. The board is asking the state police to apprehend the persons involved in the hoodlunism after the New Castle-Aliquippa basketball game and to take whatever action is necessary.

The matter came before the board when a bill was presented by the Alliquippa bus company for \$217.99 damages alleged done to the bus. The bus had windows and windshield smashed, one tire destroyed, license plates stolen and generally rendered unfit for service. It was necessary to bring another bus from Alliquippa to return the team.

**Hoodlunism Condemned**  
The board was unanimous in its condemnation of the hoodlunism. Director A. C. Hyde said damage was done not only to the bus but to private automobiles at the game. He said all four hub caps were stolen from his automobile.

Director Wilbur E. Flannery asked if there was not some punishment that could be meted out on the bus to students who were engaged in the brawl, if they were students.

One director said the name of the man who took the license plates was known and that this man kept the plates in his room as a souvenir of the occasion, for a time.

After some discussion it was decided to refer the entire matter to the state police.

In the meantime the board refuses to honor the bill of the bus company, upon the grounds that it is not liable for the damage. The board members feel that the persons who will be arrested in the affair should be made to pay.

## Society Clubs

### B.B. Club Meets

Miss Sally Akstulewicz, of 1710 Moravia street, received the B.B. club, Tuesday evening in her home, for their regular session.

The evening was spent informally and attending as special guest was Madeline Gorguez.

A delicious lunch was served later by the hostess, with valentine motifs predominating. Her sister Jane Akstulewicz assisted in serving.

The next meeting will be held on March 2, with Mrs. Jane Akstulewicz, 137 Oakland avenue.

### Lazy Daisy Club

Lazy Daisy club was received Wednesday afternoon in the home of Mrs. Karl Landfester, Meyer avenue.

Mrs. Clifford Brydon aided the hostess in serving a tempting dessert. Needlework was a pastime of the afternoon. During the business session, conducted by Mrs. Lloyd Gill, newly-elected president, plans were made for future activities of the group.

Mrs. Arthur Amstrong, Butler avenue, will entertain at her home Wednesday afternoon, March 17.

## Red Cross Disaster Group Extended Aid Seven Times To Fire-Stricken Families

Lawrence county's main disaster during the fiscal year 1947 were one-family fires, and in each case the local chapter of the American Red Cross, through its disaster committee, came to the aid of the stricken families.

Ralph Davis, committee chairman, revealed today that the chapter extended help in seven cases, spending \$671.93 for clothing and other essentials for the routed persons.

Mr. Davis pointed out that in any disaster involving one family or less it is the responsibility of the ARC to meet the immediate needs of the persons involved. This entails coordinating the aid to be rendered, and calling upon outside agencies for additional help. Disaster in a national sense, the chairman explained, is any catastrophe in which five or more families are stricken.

**Stand-by Groups**  
When disaster strikes, the Red Cross can call upon its first aid groups (which are mobile), its cadet service, and the Home Serv-

ices of major caliber. These included a tornado, fires, three large train wrecks, floods and an explosion. In fact, Lawrence county was one of the few localities in the area that did not experience a disaster of consequence.

**No Section Immune**  
"This proves the theory that no section of our country is immune from disaster," Mr. Davis stated, "and we must be prepared for any eventuality."

The Red Cross must have funds to operate its stand-by crews. This committee is one of the many benefitting groups in the annual drive for funds. Trained volunteer workers, giving freely of their time and efforts are poised to aid whenever and wherever calamity strikes. It is our duty to give, so

that these units can be kept alert and equipped. Disaster doesn't knock—and it is always an unwelcome visitor.

A tendency to develop arthritis may run in families.

**RETURN OF THE MOOSE**  
LOGAN, Utah.—(INS)—Moose is not extinct in the forest areas of northern Utah, and they will return in larger numbers if given proper protection. Dr. G. H. Kelker of Utah State Agricultural col-

lege reported recently. Dr. Kelker is associate professor of game management for the college. In 1935, five of the rarely seen animals were spotted in the Tony Grove area of the Cache National Forest.

Only last year two huge animals put in an appearance on the lowlands of northern Cache Valley.

**PONTA DELGADO, Azores Islands**—(INS)—Alfonso de Miranda claims that he has invented a pro-

cess for showing three dimensional movie shows. He will give a public demonstration in the "Cine Jardin" soon and will then go to Paris to continue his researches on this problem as a guest of the director of the "Grayfilm" company.

## Did You Ever —

Think what New Castle would be like if there were no local dealers in coal, shoes, furniture, feed, hardware, drugs, gasoline and many more. You probably could get along without food dealers but little business is big business as well as the heart of business in any community. They have payrolls. I suppose the prices would go down on commodities if the big boys ran it all. Prices of real estate all advance. Nothing magic, just logic.

Hope you have been enjoying the lower prices at your favorite food store. I do not claim to handle the lowest grade of meats so naturally I can not always sell at the lowest price.

Don't be discontented or dissatisfied until you have at least made one purchase at my meat department. We have thousands who come back regularly for more.

Don't cry over the price of onions it's not your fault that I am selling large U. S. No. 1 sound dry onions at 10c pound.

Florida Temple Oranges should not be sold at such a low price. These are the large size—12 weigh 5 pounds—2c each or 25c a dozen.

You will want to pay me more for these Seedless Grapefruit when you see the size of them, if you don't like grapefruit one will make you a meal—10 for 39c.

New Cabbage should be selling at 3c pound but I am selling mine at 4½c—profitting.

New Calif. Green Top Carrots are plenty high at 10c for a large bunch. Don't pay more if you can buy them for less.

Join the white line! Fee is only 16c for a full quart—Clorox.

Dust your clothes with Silver Dust! It will do no more than what it is claimed to do by the Lever Boys. The fine embroidered face cloth you receive free is worth more than what I charge for both—36c.

Why squeeze the orange? When you can buy 46-oz. can of California tree sweet Orange Juice for 30c. It's richer. Dilute with water if it's too rich!

Worry and fuss with this. Probably could bake just as good apple pies with rhubarb. It's Betty Crocker Apple Pie Quick—37c package.

If you don't like apple pie, try raisen. Plump, meaty, seedless—only 10c pkg., 15-oz.

Put some new spots on your vest with Gren Villa Catsup—14-oz. bottle—15c.

Pink Salmon is still good. Buy it at any store you can for 45c for a 16-oz. can.

You cannot BEET this price for quality. Large can cut Beets—28-oz.—10c.

Had your hay lately? 12 bales to a box. N. B. C. Shredded Wheat—15c.

Don't buy the Apricots unless you think I am making a profit! You could not buy the can or label for the price. They are California built in syrup, large can halves, 3 for 49c or 6 for \$1.00.

Drop in a can of Hunt's Tomato Sauce when you go pushing by—5c, 2 for 11.

Just received new shipment of Battle Creek Brand and Fig. Sells at 17c package.

Back again at new low price, good old Crubro Peach Butter. You can spread it on thick. 2-lb. jar—29c.

Hope you have enough tomatoes to see you through, if not, snap onto them at two No. 2 cans for 27c. Price is right.

You have been waiting for it. Now see if you want it. Volant fresh ground corn meal, oil and gluten not removed. Volant whole wheat or graham flour, cracked wheat, stone ground, pure buckwheat the kind your grandmother used. Quaker Steel Cut Oat Meal—24-oz. pkg.—25c.

You can always go bingo at Brenneman's. Pay your money and take your choice. The following items your choice at 10c:—

Silver Hake Fish 15-oz. can; Hominy, large can, 29-oz.; Golden Dawn Tomato Juice, 20-oz. can; Heinz Tomato Soup; Frozen Rhubarb, 12-oz. package, sugar added; Van Camp Spaghetti, 17-oz. jar; Jackson Baked Beans, 16-oz.; Apple Sauce, 20-oz. can; Dawn Fresh Cream of Mushroom Soup, 16-oz. can; Jackson Vegetable Soup, 20-oz. can.

You still want to park in customers parking lot. But no buy at store. So for convenience of our customers I have made arrangements to have all other cars towed away.

Oleo still sliding down. Swift's All Sweet selling at 40c pound.

Satisfaction Coffee has not satisfied all, but could use one more customer. If you could stand it not ground price is still 3 lbs. \$1.09. Bring it back Monday and we'll grind it for you.

## Red Cross Disaster Group Extended Aid Seven Times To Fire-Stricken Families

Lawrence county's main disaster group during the fiscal year 1947 were one-family fires, and in each case the local chapter of the American Red Cross, through its disaster committee, came to the aid of the stricken families.

Ralph Davis, committee chairman, revealed today that the chapter extended help in seven cases, spending \$671.95 for clothing and other essentials for the routed persons.

Mr. Davis pointed out that in any disaster involving one family or less it is the responsibility of the ARC to meet the immediate needs of the persons involved. This entails coordinating the aid to be rendered, and calling upon outside agencies for additional help. Disaster in a national sense, the chairman explained, is any catastrophe in which five or more families are stricken.

**Stand-by Groups**  
When disaster strikes, the Red Cross can call upon its first aid groups (which are mobile), its canteen service, and the Home Serv-

ice division. The latter group, if the occasion merits, will handle with the identification of dead or injured, registration of families moved to other localities, and answer telegrams and letters of inquiry.

It was explained that although western Pennsylvania is not termed a "disaster area," during the calendar year of 1947, the district was swept by eight occur-

ences of major caliber. These included a tornado, fires, three large train wrecks, floods and an explosion. In fact, Lawrence county was one of the few localities in the area that did not experience a disaster of consequence.

No Section Immune  
"This proves the theory that no section of our country is immune from disaster," Mr. Davis stated, "and we must be prepared for any eventuality."  
The Red Cross must have funds to operate its stand-by crews. This committee is one of the many benefitting groups in the annual drive for funds. Trained volunteer workers, giving freely of their time and efforts are poised to aid whenever and wherever calamity strikes. It is our duty to give, so

that these units can be kept alert and equipped. Disaster doesn't knock—and it is always an unwelcome visitor.

A tendency to develop arthritis may run in families.

**RETURN OF THE MOOSE**  
LOGAN, Utah.—(INS)—Moose is not extinct in the forest areas of northern Utah, and they will return in larger numbers if given proper protection. Dr. C. H. Kelker of Utah State Agricultural col-

lege reported recently. Dr. Kelker is associate professor of game management for the college. In 1935, five of the rarely seen animals were spotted in the Tony Grove area of the Cache National Forest.

Only last year two huge animals put in an appearance on the lowlands of northern Cache Valley.

PONTA DELGADO, Azores Islands.—(INS)—Alfonso de Miranda claims that he has invented a pro-

cess for showing three dimensional movie shows. He will give a public demonstration in the "Cine-Jardin" soon and will then go to Paris to continue his researches on this problem as a guest of the director of the "Grayfilm" company.

## Did You Ever —

Think what New Castle would be like if there were no local dealers in coal, shoes, furniture, feed, hardware, drugs, gasoline and many more. You probably could get along without food dealers but little business is big business as well as the heart of business in any community. They have payrolls. I suppose the prices would go down on commodities if the big boys ran it all. Prices of real estate all advance. Nothing magic, just logic.

Hope you have been enjoying the lower prices at your favorite food store. I do not claim to handle the lowest grade of meats so naturally I can not always sell at the lowest price.

Don't be discontented or dissatisfied until you have at least made one purchase at my meat department. We have thousands who come back regularly for more.

Don't cry over the price of onions it's not your fault that I am selling large U. S. No. 1 sound dry onions at 10c pound.

Florida Temple Oranges should not be sold at such a low price. These are the large size—12 weigh 5 pounds—2c each or 25c a dozen.

You will want to pay me more for these Seedless Grapefruit when you see the size of them, if you don't like grapefruit one will make you a meal—10 for 39c.

New Cabbage should be selling at 3c pound but I am selling mine at 4½c—profitting.

New Calif. Green Top Carrots are plenty high at 10c for a large bunch. Don't pay more if you can buy them for less.

Join the white line! Fee is only 16c for a full quart—Clorox.

Dust your clothes with Silver Dust! It will do no more than what it is claimed to do by the Lever Boys. The fine embroidered face cloth you receive free is worth more than what I charge for both—36c.

Why squeeze the orange? When you can buy 46-oz. can of California tree sweet Orange Juice for 30c. It's richer. Dilute with water if it's too rich!

Worry and fuss with this. Probably could bake just as good apple pies with rhubarb. It's Betty Crocker Apple Pie Quick—37c package.

If you don't like apple pie, try raisen. Plump, meaty, seedless—only 10c pkg., 15-oz.

Put some new spots on your vest with Green Villa Catsup—14-oz. bottle—15c.

Pink Salmon is still good. Buy it at any store you can for 45c for a 16-oz. can.

You cannot BEET this price for quality. Large can cut Beets—28-oz.—10c.

Had your hay lately? 12 bales to a box. N. B. C. Shredded Wheat—15c.

Don't buy the Apricots unless you think I am making a profit! You could not buy the can or label for the price. They are California built in syrup, large can halves, 3 for 49c or 6 for \$1.00.

Drop in a can of Hunt's Tomato Sauce when you go pushing by—5c, 2 for 11.

Just received new shipment of Battle Creek Brand and Fig. Sells at 17c package.

Back again at new low price, good old Crisco Peach Butter. You can spread it on thick. 2-lb. jar—29c.

Hope you have enough tomatoes to see you through, if not, snap onto them at two No. 2 cans for 27c. Price is right.

You have been waiting for it. Now see if you want it. Volant fresh ground corn meal, oil and gluten not removed. Volant whole wheat or graham flour, cracked wheat, stone ground, pure buckwheat the kind your grandmother used. Quaker Steel Cut Oat Meal—24-oz. pkg.—25c.

You can always go bingo at Brennenman's. Pay your money and take your choice. The following items your choice at 10c—

Silver Lake Fish 15-oz. can; Hominy, large can, 29-oz.; Golden Dawn Tomato Juice, 20-oz. can; Heinz Tomato Soup; Frozen Rhubarb, 12-oz. package, sugar added; Van Camp Spaghetti, 17-oz. jar; Jackson Baked Beans, 16-oz.; Apple Sauce, 20-oz. can; Dawn Fresh Cream of Mushroom Soup, 16-oz. can; Jackson Vegetable Soup, 20-oz. can.

You still want to park in customers parking lot. But no buy at store. So for convenience of our customers I have made arrangements to have all other cars towed away.

Oleo still sliding down. Swift's All Sweet selling at 40c pound.

Satisfaction Coffee has not satisfied all, but could use one more customer. If you could stand it not ground price is still 3 lbs. \$1.09. Bring it back Monday and we'll grind it for you.

**The Fellowship of Christian Believers**  
 Highlights On The Sunday School Lesson

*The day of Pentecost.*  
 "I was glad when they said unto me, Let us go unto the house of the Lord."—Psalm 122:1.

By NEWMAN CAMPBELL  
 (The international lesson on the above topic for February 22 is Acts 2:37-47, Ephesians 4:1-6, the Memory Verse being Psalm 122:1. "I was glad when they said unto me, Let us go unto the house of Jehovah.")

Is there anything more pleasurable and stimulating than fellowship? In home, in school, in our social life, and especially in our church there is nothing more delightful than fellowship. In this lesson we are told of the happy fellowship of the early Christian church, when all shared and shared alike, and lived in harmony.

In our last lesson, you remember that Peter and John were put in prison after Peter had healed a man who had been lame since birth. They were released the next day after appearing before the Sanhedrin, because the priests had seen the result of the miracle, and were afraid to detain them longer. However, they were told not to preach Christ any more, but refused to promise.

Peter immediately began to talk to the people, telling them "God hath made that same Jesus, whom ye have crucified, both Lord and Christ."

Now these same people, who two months before had been crying, "Crucify Him, crucify Him," felt their consciences pricked, and appealed to Peter and the rest of the apostles, saying, "Men and brethren, what shall we do?"

Then Peter said unto them, Repent, and be baptized every one of you in the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Ghost.

"For the promise is unto you, and to your children, and to all that are afar off, even as many as the Lord our God shall call."

Man other things Peter told the people, begging them to "save yourselves from this untoward generation." Many accepted his invitation and were baptized, as many as 3,000 souls.

The people "continued steadfastly in the apostle's doctrine and fellowship, and in breaking of bread and prayers."

All these people, we are told, sold their possessions and goods, and parted them to all men, as every man had need. Jesus and His disciples had lived this sort of communal life, having a common purse. It must have been a happy community of these newly converted people, happy and enthusiastic over their new life.

"And they, continuing daily with one accord in the temple, and breaking bread from house to house, did eat their meal with gladness and singleness of heart, praising God, and having favor with all the people. And the Lord added to the church daily such as should be saved."

**The Christian Way**  
 This is the way all Christian people should live, even if they disagree in certain doctrines. Nothing is sadder than discord in a church which bears Christ's name. Just as in the home family, the best welfare of the children and the greatest happiness to all comes from harmony—eating, working, playing, conversing with love and goodwill—so it is in the church. Differences may arise, but if each and every one remembers that Jesus advocated love—to God and then to man—as the two necessary laws to keep, it could be done. Only is the human body in a healthy state when all its parts are functioning smoothly and normally, in other words, harmoniously. So it would be with the Christian church if differences were forgotten—or kept in the background—and all members lived together in love, loving God and loving each other.

Paul, in his letter to the Ephesians, pleads with them to live the kind of life that preserves this fellowship. He writes: "I therefore, the prisoner of the Lord, beseech you that ye walk worthy of the vocation wherewith ye are called."

"With all lowliness and meekness, with long suffering, forbearing one another in love; Endeavoring to keep the unity of Spirit in the bond of peace. There is one body, and one Spirit, even as ye are called in one hope of your calling: One Lord, one faith, one baptism. One God and Father of all, who is above all, and through all, and in you all."

**Chilean President Claims Territory**  
 SANTIAGO, Feb. 19.—(INS)—President Gabriel Gonzalez Videla of Chile reasserted Chilean claims to territory in Antarctica today in defiance of Britain after striding ashore on frozen O'Higgins land and formally establishing a military base. Gonzalez Videla called for the Chilean flag to be hoisted "in the Antarctica air as a glorious witness to our irrefutable polar dominion" which is claimed also by Great Britain. The British have sent the 8,000-ton cruiser Nigeria into the disputed region, and Minister of State Hector McNeill has challenged Chilean claims—backed by Argentina—in the vast, ice-covered polar continent. However, they were told not to preach Christ any more, but refused to promise.

Peter immediately began to talk to the people, telling them "God hath made that same Jesus, whom ye have crucified, both Lord and

Christ." Now these same people, who two months before had been crying, "Crucify Him, crucify Him," felt their consciences pricked, and appealed to Peter and the rest of the apostles, saying, "Men and brethren, what shall we do?"

"Then Peter said unto them, Repent, and be baptized every one of you in the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Ghost."

"For the promise is unto you, and to your children, and to all that are afar off, even as many as the Lord our God shall call." Many other things Peter told the people, begging them to "save yourselves from this untoward generation." Many accepted his invitation and were baptized, as many as 3,000 souls.

The people "continued steadfastly in the apostle's doctrine and fellowship, and in breaking of bread and prayers." All these people, we are told, sold their possessions and goods, and parted them to all men, as every man had need. Jesus and His disciples had lived this sort of communal life, having a common purse. It must have been a happy community of these newly converted people, happy and enthusiastic over their new life.

"And they, continuing daily with one accord in the temple, and breaking bread from house to house, did eat their meat with gladness and singleness of heart, praising God, and having favor with all the people. And the Lord added to the church daily such as should be saved."

**The Christian Way**  
This is the way all Christian people should live, even if they disagree in certain doctrines. Nothing is sadder than discord in a church which bears Christ's name. Just as in the home family, the best welfare of the children and the greatest happiness to all comes from harmony—eating, working, playing, conversing with love and goodwill—so it is in the church. Differences may arise, but if each and every one remembers that Jesus advocated love—to God and then to man—as the two necessary laws to keep it could be done. Only the human body is a weak thing when all its parts are functioning smoothly and harmoniously. So it would be with the Christian church if differences were forgotten or kept in the background—and all members lived together in love, loving God and loving each other.

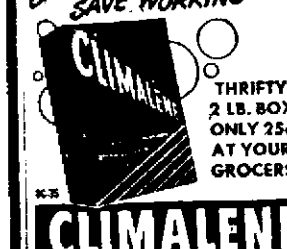

Paul, in his letter to the Ephesians, pleads with them to live the kind of life that preserves this fellowship. He writes, "If therefore, the prisoner of the Lord, behold you that ye walk worthy of the vocation wherewith ye are called. With all lowliness and meekness, with long suffering, forbearing one another in love; Endeavoring to keep the unity of the Spirit in the bond of peace. There is one body, and one Spirit, even as we are called in one hope of your calling: One Lord, one faith, one baptism. One God and Father of all, who is above all, and through all, and in you all." ## Kiwanis Hears Caldwell Tell Of Washington

Local Attorney Gives Excellent Talk On Human Side Of Our First President

New Castle Kiwanis Club had the privilege of hearing Attorney William J. Caldwell speak on the human side of George Washington at their noon luncheon meeting, in The Castleton, Wednesday noon.

Attorney Caldwell's address was along the same lines as that given before the Rotary Club, last week, in which he pointed out the fact that Washington did not become really great until the responsibility of guiding our country through its dark days of the Revolution, when he rose to the emergency, and proved himself one of the greatest characters in history.

Up to that time, there was little that distinguished him above many other wealthy landowners of the country.

His talk was greatly enjoyed.

## Two Rapists Given Prison Sentences

WASHINGTON, Pa., Feb. 19.—(INS)—John Goga, 23, and Donald Dean Wolf, 21, both of nearby Wolfdale, Wednesday were sentenced to pay a \$1 fine, court costs, and serve three to 15 years in the Western Penitentiary after pleading guilty to rape charges.

The court further stipulated that the parole board was not to consider freeing the youths until the court costs and fine had been paid.

Must Pay Expenses.—The court also ruled the two must pay all hospital and medical expenses of the 19-year-old girl they admitted attacking, and also all medical and hospital expenses she may incur in the future.

The court ordered, too, that both men must pay \$3 a week support for the child the girl is expecting until the child is 15 years old.

The attack occurred last October when the girl accepted a ride home with Goga and Wolf, whom she knew. It was charged they took her to a lonely road and both attacked her.

## Explosion In Sky Startles Kansas

NORTON, Kan., Feb. 19.—(INS)—Authorities in northwestern Kansas were seeking an explanation today for a heavy explosion in the sky over Norton.

The blast rattled windows in Norton, Oberlin and Hill City late yesterday. No one was reported injured.

Report Meteor Falls.—Some persons reported seeing a "ball of fire" and a Norton resident said the explosion was accompanied by a "fairly heavy" cloud of white smoke high in the sky about 5 p. m.

Another report said that a meteor fell near Norton, Kan., but this was denied by the postmaster there. He did say, however, that a terrific explosion was heard at Norton.

Heavily-soiled garments will in themselves make zero soft water hard. Remember this when laundering grimy overalls, etc.

## How To Hold FALSE TEETH

More Firmly In Place  
Do your false teeth annoy and embarrass by slipping, dropping or wobbling when you eat, laugh or talk? Just sprinkle a little FASTEETH on your plates. This alkaline (non-acid) powder holds false teeth more firmly and more comfortably. No gummy, sticky, pasty taste or feeling. (Does not sour, check, "plate odor" (denture breath). Get FASTEETH today at any drug store.

## Around Hollywood

By JOHN TODD  
International News Service Staff Correspondent

HOLLYWOOD, Feb. 19.—(INS)—A radio set so small it would slither around in a two-inch safety match box is the latest gadget to help in making better movies.

If I hadn't used one myself, I wouldn't have believed it. I ran into this Paramount studio invention on the set of "Abagail, Dear Heart".

It was being used so that Wanda Hendrix and MacDonald Carey would wait to music and still carry on a conversation which would be audible.

They wore the receivers strung around their throat with an invisible hearing device in their ears. I was given one to try out and then strains of a Strauss waltz, from a 250 watt sending apparatus, came through as clear as could be.

Director Mitchell Liesen, wearing a set himself, explained that Carey had his antenna under his clothes, but Wanda had wound hers in her hair.

Mitch explained: "It is tremendously valuable, not only for this scene, but I have been able to use it to cue them in various scenes where their backs may be to the camera."

What next in Hollywood? Widmark Makes Good  
Richard Widmark, an academy award nominee for his murderous role in "Kiss of Death", is playing a criminal again in another 20th Century-Fox picture, "The Street With No Name".

Only this time he's been given a new look. Gone is the hair piece which lowered his high, well shaped forehead for his characterization as a morose hanger-on. Gone, too, is the jerky hysterical laugh which made audiences shudder in his screen debut.

This time Widmark is a more intellectual type of criminal. In Director William Keighley's words, he is a "handsome heavy".

Gregory Wants Vacation  
On the subject of academy award nominees Gregory Peck, nominated for his work in "Gentleman's Agreement", has been talking about a vacation trip to Bermuda with his wife, Greta.

He asked one friend whether he thought he'd better return for the "Oscar" presentation on March 20. Said Greg: "I've been nominated before without anything happening."

The friend advised: "I think you'd better be sure to be there this time."

I'm inclined to think the same way myself.

## Elections Bureau Will Remain Open Despite Holiday

HARRISBURG, Feb. 19.—(INS)—The state elections bureau will be open February 23, when other departments are closed in observance of George Washington's birthday, and the two succeeding Saturdays to receiving nomination petitions.

The department of state said the bureau will receive petitions containing voters' signatures between 8:30 a. m. and 5 p. m. Monday, Tuesday and Wednesday.

Candidates in the primary election April 27 may file between 9

a. m. and 5 p. m. Saturday, Feb. 20, and 9 a. m. and 5 p. m. Sunday, Feb. 21. The bureau will be open from 9 a. m. to 5 p. m. Saturday, March 6, and 9 a. m. to 5 p. m. on the final day, March 8. Special working hours were arranged because candidates practice "eleventh hour" filing. Two candidates filed last week far only three have placed petitions entitling them to enter their names on primary election ballots.

According to a recent report, cigarette consumption in the United States was more than quadrupled between 1921 and 1941. By 1941 Americans were smoking on the average 1,550 cigarettes a year, or 4.3 per capita a day.

### Court House

## Opinions Given By Judge Lamoree

Equity Suit Heard Wednesday Morning In Court Room Number One

### OTHER EVENTS IN COURT HOUSE

Two opinions were handed down by Judge John G. Lamoree on Wednesday. In the case of Phillip J. Capece against J. F. Mooney, a sheriff's interpleader was denied and judgment ordered to continue. The case was one in which Phillip J. Capece sued J. F. Mooney and got a judgment for \$500. When judgment was entered against an automobile owned by Mooney, Kate McFarland entered a sheriff's interpleader saying she was the real owner of the car. This the court denied and the attachment against the car is held good. The other opinion was in the case of Earl Harper and Theresa Harper against Frank Frisbee and Geraldine Frisbee. In this case the plaintiffs claimed they had purchased a property in Wilmington township and had agreed to sell it to the defendants for a \$2500 down payment. This down payment they claimed was never paid despite the fact that a deed had been executed. They asked the cancellation of the deed and the return of their property. Judge Lamoree ordered the case certified into court for trial.

### EQUITY SUIT HEARD

Before Judge Lamoree the equity suit of Thomas E. Tucker against Constance R. Tucker was heard. This is a case where the plaintiff claims he had \$9135 in cash in a home made vault and that his wife took all the money. He admits a joint ownership in part of it but claims a return of \$6635.

# Oil production at record heights but your help still essential

**7 REASONS WHY OIL CONSUMPTION IS NOW AT AN ALL-TIME HIGH!**

### MORE CARS, TRUCKS, BUSES

Today, more cars, trucks and buses are on the road than ever before. Huge quantities of fuel and lubricants are consumed daily.

### MORE OIL BURNERS

Oil is clean, efficient, economical heating. More homes, schools and hospitals install oil burners. The average home consumes approximately 1750 gallons per year.

### MORE FARM MACHINERY

New equipment used by the nation's farmers demands large quantities of petroleum. In the mid-west alone, farm use of oil products has nearly doubled since 1941.

### MORE DIESEL ENGINES

More and more trains are now moved by diesel engines. Use of petroleum products to provide power for the roads of steel.

### MORE COMMERCIAL PLANES

Greatest airlines consume vast amounts of petroleum. Special fuels and lubricants are required. A four-engine plane uses from 200 to 350 gallons every hour it's in the air.

### MORE INDUSTRIAL USAGE

As industry steps up production, demand for heavy fuel oil, industrial lubricants and dozens of other petroleum products grows bigger and bigger.

### MORE MILITARY NEEDS

Staggering quantities of petroleum are required by our Army and Navy. For without petroleum, planes cannot fly. . . . ships cannot move. . . . ships cannot sail.

## HERE'S WHY

**You Must Save Fuel Oil Now**

Unless we all save as much fuel oil as possible, there may not be enough to keep our homes, schools and public buildings warm through the winter.

This is true even though more oil products are being produced and delivered today than ever before! Faced with the greatest demand in history, production is up to new record heights, and crude oil is being rushed to refineries and then to you. But there may not be enough to go around, unless every user saves as much as he can now.

The oil industry is spending over 4 billion dollars to meet your needs. New sources of supply are being uncovered. . . . right now we are importing more oil than we are exporting. . . . refinery and distribution facilities are being expanded. . . . newer, faster methods of transportation are being provided.

But this expansion takes time. The oil industry, like so many others, faces difficulties in obtaining the necessary materials.

Save as much fuel oil, kerosene and gasoline as you can. If everyone cooperates there will be enough for all.

## HERE'S HOW

**To Save Money . . . Save Fuel Oil . . . Help Stretch the Supply**

1. Keep temperature at moderate level—not more than 68 degrees. Turn thermostat to 60 or below at night.
2. Keep doors, windows closed, shades drawn. Close off unused rooms.
3. Install storm windows and insulation to keep heat in . . . cold out.
4. Be sure to have your heating system checked to be sure you're getting the most efficient use of your fuel oil.

If everyone cooperates, the current "pinch" need not last too long. As soon as it is humanly possible, there'll be enough oil for all your needs. And the greater your cooperation the sooner that day will be.

### Court House

## Opinions Given By Judge Lamoree

Equity Suit Heard Wednesday Morning In Court Room Number One

### OTHER EVENTS IN COURT HOUSE

Two opinions were handed down by Judge John G. Lamoree on Wednesday. In the case of Philip J. Capoe against J. F. Mooney, a sheriff's interpleader was denied and judgment ordered to continue. The case was one in which Philip J. Capoe sued J. F. Mooney, an automobile owned by Mooney, Kate McFarland entered a sheriff's interpleader saying she was the real owner of the car. This the court denied and the attachment against the car is held good. The other opinion was in the case of Earl Harper and Theresa Harper against Frank Friesbe and Geraldine Friesbe. In this case the plaintiffs claimed they had purchased a property in Wilmington township and had agreed to sell it to the defendants for a \$2500 down payment. This down payment they claimed was never paid despite the fact that a deed had been executed. They asked the cancellation of the deed and the return of their property. Judge Lamoree ordered the case certified into court for trial.

### EQUITY SUIT HEARD

Before Judge Lamoree the equity suit of Thomas E. Tucker against Constance R. Tucker was heard. This is a case where the plaintiff claims he had \$8135 in cash in a home made vault and that his wife took all the money. He admits a joint ownership in part of it but claims a return of \$6655.

## New York Woman Shooting Victim At Miami, Florida

Mrs. Eleanor McCoy, 45, Divorcee, Shot While Riding In Automobile

MIAMI, Fla., Feb. 19.—(INS)—Mrs. Eleanor McCoy of New York City, was in a critical condition in St. Francis hospital today, suffering from two bullet wounds inflicted by two men while driving through the exclusive section of Miami Beach.

The 45-year-old divorcee was riding with Irving Fein, a Brooklyn, N. Y., manufacturer, early yesterday when their car was curbed by two men in another car. The men fired into Mrs. McCoy's car and then fled.

**Condition Critical**  
Mrs. McCoy was taken to St. Francis hospital where attendants said she was in a critical condition from a wound in the left chest and another wound near the jugular vein.

Detective M. B. Owen of Miami Beach said he was positive the shooting was "a job of paid assassins." Mrs. McCoy and Fein, however, could advance no motive for the shooting.

## Fierce Fighting In Vicinity Of Anshan

PEIPING, Feb. 19.—(INS)—Fierce fighting was reported in progress today between nationalist and communist troops for possession of Anshan, Manchuria's greatest iron and steel center.

Nationalist sources reported that communist artillery has poured a continuous rain of shells into the city for the past three days. The defending forces are holding the northwest portion of the city, but government quarters conceded that their position is hopeless.

Anshan, with a peace-time population of 200,000, was reported to have been turned into "a sea of fire" by the communist shelling.

## Beaver Falls Thugs Drop \$6,000 Loot

BEAVER FALLS, Pa., Feb. 19.—(INS)—A thrown milk bottle today was given credit for causing three robbers in Beaver Falls to drop their \$6,000 loot.

Louis Sacco, pawnshop owner, said three men held him up yesterday after inquiring about pawning a watch. They took his wallet containing \$900, a diamond ring and a wrist watch.

However, the robbers dropped a suitcase filled with jewelry worth \$6,000 when Sam Maricano, a nearby resident, hurled a milk bottle through the pawn shop window.

Beaver Falls police have arrested a Pittsburgh woman and a Beaver Falls man as suspects in the robbery.

## Claim Extension Of Rent Controls Will Discourage Building

HARRISBURG, Feb. 19.—(INS)—The Pennsylvania Real Estate association today claimed that extension of rent control by Congress will "prolong" the housing shortage by discouraging construction of rental units.

Pointing out that all other war-born controls have been abolished, Association President Henry W. Mathieu, of Norristown, asserted "it is not fair to handcuff business this way year after year in peace time."

**Prevent Repairs**  
He declared that rent controls prevent home owners from maintaining proper repair because they cannot receive a fair return on investments and therefore are unable to afford inflated maintenance bills.

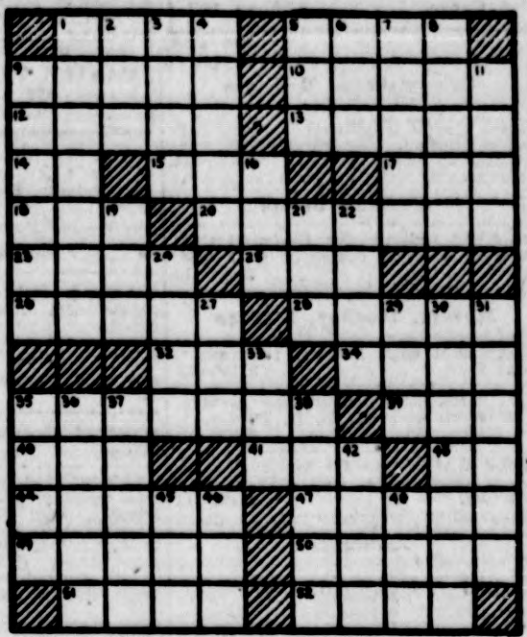

Mathieu said that removal of rent controls probably would result in the conversion of existing large homes and apartments into multiple family units.

Spring is the safest season in the accident records, the National Safety Council reports. But before you start thumbing your nose at fate, remember that "the safest season" still claimed about 250 accident victims a day.

## Court To Hear Pottery Issue

LISBON, O., Feb. 19.—(INS)—Five union pottery workers today looked forward to March 5 as the day Columbiana county will hear their court petition to restrain two top officials of the National Brotherhood of Operative Potters, with headquarters at East Liverpool, from paying themselves and other officers allegedly unauthorized salary increases.

The action was filed against James M. Duffy and Charles P. Jordan, of East Liverpool, president and secretary-treasurer, respectively, of the Ceramic Worker's Union.

Duffy said the Brotherhood officers' salaries were approved by the organization's national wage committee, charged the court action is "just another act of smear artists."

## WALKER GETS "LAST OFFER"

PHILADELPHIA, Feb. 19.—(INS)—Harry "The Hat" Walker, hard-hitting Phillies slugger, has received his "last offer" from the club, according to President Bob Carpenter.

"We are pretty far apart, but I have sent him our last contract," Carpenter said. "If he doesn't take it, he is very foolish."

An even dozen Phils, many of them first stringers, have not yet returned signed contracts.

In 25 years of hockey competition, Hamilton college has won 131 games and dropped 80. Six games have ended in ties.

## New York Woman Shooting Victim At Miami, Florida

Mrs. Eleanor McCoy, 45, Divorcee, Shot While Riding In Automobile

MIAMI, Fla., Feb. 19.—(INS)—Mrs. Eleanor McCoy of New York City, was in a critical condition in St. Francis hospital today, suffering from two bullet wounds inflicted by two men while driving through the exclusive section of Miami Beach.

The 45-year-old divorcee was riding with Irving Fein, a Brooklyn, N. Y., manufacturer, early yesterday when their car was cybied by two men in another car. The men fired into Mrs. McCoy's car and then fled.

Condition Critical  
Mrs. McCoy was taken to St. Francis hospital where attendants said she was in a critical condition from a wound in the left chest and another wound near the jugular vein.

Detective M. B. Owen of Miami Beach said he was positive the shooting was "a job of paid assassins". Mrs. McCoy and Fein, however, could advance no motive for the shooting.

Fein, who owns a tin can manufacturing plant in Brooklyn, was held on a technical charge of vagrancy without bond, pending further investigation.

## Fierce Fighting In Vicinity Of Anshan

PEIPING, Feb. 19.—(INS)—Fierce fighting was reported in progress today between nationalist and communist troops for possession of Anshan, Manchuria's greatest iron and steel center.

Nationalist sources reported that communist artillery has poured a continuous rain of shells into the city for the past three days. The defending forces are holding the northwest portion of the city, but government quarters conceded that their position is hopeless.

Anshan, with a peace-time population of 200,000, was reported to have been turned into "a sea of fire" by the communist shelling.

## Beaver Falls Thugs Drop \$6,000 Loot

BEAVER FALLS, Pa., Feb. 19.—(INS)—A thrown milk bottle today was given credit for causing three robbers in Beaver Falls to drop their \$6,000 loot.

Louis Sacco, pawnshop owner, said three men held him up yesterday after inquiring about pawning a watch. They took his wallet containing \$900, a diamond ring and a wrist watch.

However, the robbers dropped a suitcase filled with jewelry worth \$6,000 when Sam Maricano, a nearby resident, hurled a milk bottle through the pawn shop window.

Beaver Falls police have arrested a Pittsburgh woman and a Beaver Falls man as suspects in the robbery.

## Claim Extension Of Rent Controls Will Discourage Building

HARRISBURG, Feb. 19.—(INS)—The Pennsylvania Real Estate association today claimed that extension of rent control by Congress will "prolong" the housing shortage by discouraging construction of rental units.

Pointing out that all other war-born controls have been abolished, Association President Henry W. Mathison, of Norristown, asserted "it is not fair to handcuff business this way after year after year in peace time."

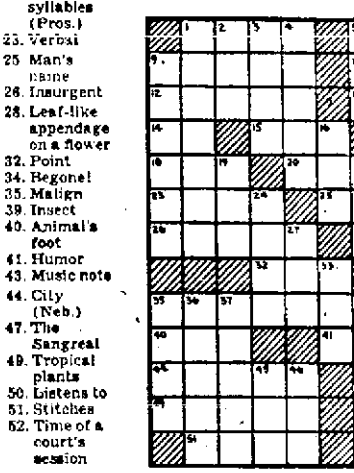

Prevent Repairs  
He declared that rent controls prevent home owners from maintaining proper repair because they cannot receive a fair return on investments and therefore are unable to afford inflated maintenance bills.

Mathison said that removal of rent controls probably would result in the conversion of existing large homes and apartments into multiple family units.

Spring is the safest season in the accident records, the National Safety Council reports. But before you start thumbing your nose at fate, remember that "the safest season" still claimed about 250 accident victims a day.
